Hi,

I would like to send me objection for the recent application on the 23rd of July2019 for Freddie's to increase their late night opening hours on the Friday Saturday and Sunday till 4am. This additional opening hours will increase the already nuisance, noise and litter which would be prolonged into the early hours of the morning. Freddie's customers regularly parking on double yellow lines causing safety issues for resident with disability, wheel chair and Pram users.

Kind regards

Hi

I would like to send me objection for the recent application (23 July 2019) for Freddie's to increase their late night opening hours on the weekend till 4am. This additional opening hours will increase the nuisance, noise and litter which would be prolonged into the early hours of the morning. It also adds parking pressures with Freddie's customers regularly parking on double yellow lines into queens st causing safety issues for residents with young children, disability, wheel chair and Pram users. Freddie's also fails to address the litter problems from their establishment on the surrounding areas.

I hope the council planning committee rejects their application.

Any question feel free to get in touch.

Kind regards

Letter of objection

Re. Application for extended licence

FREDDY'S CHICKEN LTD. 8 BURY ROAD RAWTENSTALL BB4 6AA

I am writing to strongly object to the extended licence until 4.00a.m. by the above business.

It is unfortunate that all this will bring to the immediate residential area will be yet more unwanted antisocial behaviour.

The anti-social behaviour is likely (from present experience) to include:

Noise from customers arriving and leaving the establishment. Noise in the form of very loud conversations, screaming, shouting and abusive language.

Rubbish left in the vicinity including vomit etc.

Attracting more people to this particular area of Rawtenstall into the late hours of the night

Noise from cars such as revving engines, slamming of doors, beeping of horns.

The owners cannot guarantee that once customers have left their premises they will respect the fact that they are in a residential neighbourhood

If you allow an extension to this business licence it will exacerbate problems we already experience in the immediate area and will encourage more of the behaviour outlined above.

I support [REDACTED] who has already written to you with [REDACTED] objection.

Yours sincerely

[REDACTED]

**To:** Marcus Asquith <MarcusAsquith@rossendalebc.gov.uk>  
**Subject:** RE: Premises Licence Application (Change of hours)

Marcus

In relation to the premises licence application at 8 Bury Road, Rawtenstall, I offer the following comments on behalf of the Local Planning Authority:

8 Bury Road has a lawful use as a hot food take away, with opening hours to the public restricted by planning permission 2012/0488 as follows:

1100-0000 Sunday to Thursday  
1100-0100 Friday and Saturday

As such I object to the proposed variation of hours to 0100 Monday to Thursday and 0400 on Fridays-Sundays. Such hours would have a detrimental effect on the occupiers of neighbouring residential properties due to patron noise, and as such this would be unacceptable with regards to public nuisance. I can confirm that no planning application has been submitted to vary the opening hours.

Kind regards,

**Subject:** Freddie's Chicken extended licence

To whom it may concern.

As per my previous email regarding Freddie's extended licence;

Please please please do not extend Freddie's Chicken licence until 4am.

I dont like appealing against extended licences, this is not how I thought [REDACTED] But residents in Rawtenstall are already trying to salvage their investments in their properties due to late night loud venues. It's starting to feel like people wont be happy until Rawtenstall becomes a small town Blackpool and historically those towns do not end well.

We already have to deal with a huge amount of noise from patrons leaving Blind Tiger, Tiger Lounge, revival and ugly duckling. Having yet another fast food establishment open until the early morning will result in people hanging around shouting, screaming and fighting while waiting for taxis.

Residents of Parramatta Street and Queen Street are already trying to fight to restore some peace at the weekend with this licence application we are simply trying to stop things getting worse.

Currently local residents are trying to manage loud music and noise from local bars, clubs and their patrons. This currently runs from;

7pm on a friday night to 5am saturday morning.

3pm saturday till 5am sunday morning.

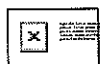

3pm sunday till 11pm sunday night.

So 32 hours of of loud music, shouting and screaming. This licence is now looking to add further time to a weekend already dominated by businesses with no regard for local residents. There is no way for Freddie's to police the additional crowds, maoise and rubbish that will be generated at such an early hour in the morning. Freddie's is on the corner of a residential street with a childrens care home meters away, having a licence for fast food until 4am will have a significant impact on residents quality of life.

Please dont allow this to application to pass.

Kind regards
