## RECOMMENDATIONS

Cabinet recommends that Council approve:-

- 1.1. A revenue budget for 2021/22 of £8.903m, as detailed in this report.
- 1.2. A Council Tax increase of 1.99% which equates to a rate for Band D for 2021/22 of £285.13.
- 1.3. Use of £606k from the Business Rates Retention reserve to support the 2021/22 revenue budget.
- 1.4. The proposed fees and charges attached as Appendix 1.
- 1.5. The technical resolutions necessary to give effect to these budget proposals attached as Appendix 4.
- 1.6. The proposed £100k contribution to Rossendale Leisure Trust funded from the Council's Covid LA support grant allocation.

## 2. PURPOSE OF REPORT

- 2.1 The purpose of the report is to enable the Cabinet to review and recommend to Council the proposed revenue budget and level of Council Tax for 2021/22, together with implications for the Council's Medium Term Financial Strategy.

## 3. BACKGROUND

- 3.1 The budget process is a key element of the Council's strategic planning process. It is part of the service and financial planning approach adopted by the Council, is a means of ensuring that resources are best placed to enable the Council to deliver its corporate priorities expressed in the Corporate Plan.
- 3.2 Previous budget reports have set out the level of uncertainty associated with any forward projections with Government funding. This uncertainty remains given the one-year funding settlement from the Government for 2021/22. During 2020, the Government was expected to conclude a longer term Comprehensive Spending Review, the Fair Funding Review and the review of the Business Rates Retention Scheme, for implementation during 2021/22. However, due to the Covid pandemic this has been delayed until 2022/23. The outcome of

the reviews has the potential to significantly impact on the Council's future funding.

3.3 For a number of years the Council has continued to reduce its net revenue expenditure in line with its own efficiency agenda and the impact of the Government's changes to local government financing over both recent years and the changes proposed for the future. This has resulted in all Borough Councils now being reliant on the income they generate from their own locality, be it from residents, visitors, property, and/or businesses. The graph below demonstrates how core Government funding for Rossendale has reduced over the period 2013/14 to 2021/22, with Revenue Support Grant ceasing from 2019/20.

Table 1

3.4 During 2020/21 the Government announced a wide range of funding programmes in response to the Covid pandemic. This has included financial support for the Council which has partly helped in compensating for lost income. This has had an impact on the 2020/21 revenue budget and is likely to do so for the 2021/22 budget, although the exact scale of impact is currently unknown.

**3.5 2021/22 Provisional Finance Settlement**

The provisional one year only Settlement Funding Assessment for 2021/22 was announced on 17<sup>th</sup> December 2020. The key messages arising from the settlement are:

- a. Up to 2% maximum annual increase for Council Tax without triggering a local referendum.
- b. Confirmation that the NNDR baseline funding will be the same as 2020/21 (no inflationary uplift), and previously earned New Homes Bonus.
- c. New Homes Bonus payments will be made in 2021/22 for one year only, however legacy payments will still be made for earlier year allocations.
- d. Announcement of a new funding stream for 2021/22 only 'Lower Tier Services Grant'.
- e. 'Local Council Tax Support grant' to be provided to authorities in recognition of the increased costs of providing local Council Tax support following the pandemic.
- f. 'Covid-19 Expenditure Pressures Grant' to cover increased expenditure due to the pandemic.
- g. 'Local Tax income Guarantee for 2020/21' the Government will compensate local authorities for 75% of irrecoverable losses in Council Tax and Business Rates income

- in respect of 2020-21 as a result of the pandemic.  
h. The Lancashire Business Rates Pool is likely to continue in 2021/22.

### 3.6 The Medium Term Financial Strategy

Taking into account the impact of finance settlement, including an annual increase in Council Tax of 1.99% per annum, the 2021/22 net budget estimates, resources and future forecasts are as follows:

Table 2

There are some key and challenging projects above, not least: Operations commercial activity/increased productivity and the staffing and related savings. The above proposals include a £50k contingency allowance in case of any delays in implementation.

### 3.9 Impact on reserves

As shown in Table 1, after the implementation of the Cabinet proposals there is still a funding gap. This is shown in the table, below. The table also shows the potential impact on the unringfenced reserves if no further savings/increased income are found:

Table 5

Use of Reserves if no further savings implemented		2020-21	2021-22	2022-23	2023-24	2024-25
£000		£000	£000	£000	£000	£000
<b>Funding gap</b>		<b>(0)</b>	<b>(0)</b>	<b>(401)</b>	<b>(404)</b>	<b>(400)</b>
Use of Reserves	Opening Balance					
Transitional Reserve	780	0	0	401	379	0
General Fund Reserve	1,000	0	0	0	25	400
<b>Reserve Balance</b>	<b>1,780</b>	<b>1,780</b>	<b>1,780</b>	<b>1,379</b>	<b>975</b>	<b>575</b>

The table demonstrates an annual deficit from 2022/23 onwards. In the immediate period this can be funded through the use of the Transitional reserve and latterly the General Fund reserve.

The total value of the Transitional Reserve was £1.7m at 31<sup>st</sup> March 2020. In November

2020 Cabinet approved the use of £950k of this reserve to fund the Empty Homes scheme. This is factored into the table above. Wherever possible the Empty Homes expenditure will be capitalised and thus funded from capital receipts or prudential borrowing, this will reduce the call on the Transitional Reserve.

The General Fund reserve is in reality the Council's Minimum Working Balance, this is a requirement of Sections 32 and 43 of the Local Government Finance Act 1992 which requires local authorities to consider the establishment and maintenance of reserves. These can be held for three main purposes:

- a working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing – this forms part of general reserves;
- a contingency to cushion the impact of unexpected events or emergencies – this also forms part of general reserves;
- a means of building up funds, often referred to as earmarked reserves, to meet known or predicted requirements; earmarked reserves are accounted for separately but legally remain part of the General Fund.

In support of this requirement, and as part of the development of the budget for 2021/22, an assessment has been carried out to establish the minimum level of the General Fund Working Balance for this Council. Based on this assessment it is recommended that the minimum working balance should remain at £1.0m. At this level it represents circa 3% of the Council's gross revenue expenditure.

- 3.10 Table 5 demonstrates that if no further savings/efficiencies/income generation schemes are implemented by the end of 2024/25 the Transitional Reserve will be exhausted and the General Fund Reserve will have £575k remaining. The figures above do not include any impact that may arise from the 2020/21 close down.

In addition to the above reserves the Council also holds a Local Business Rate Retention reserve. At 31/03/2020 the balance of this reserve was £2,640m. The Business Rate Collection Fund annual surpluses and deficits along with the Small Business Rate Relief Section 31 grants, are set aside in this earmarked reserve to smooth peaks and troughs in the business rate receipts over the life of the forecast. It is estimated that £686k of this reserve will be used in 2020/21. In addition this report requests the use of £606k in 2021/22. The forecast also estimates the use of £200k pa of this reserve from 2022/23 to 2024/25. Further information on reserves can be found in Appendix 2.

#### **4. Council Tax for 2021/22**

- 4.1. Cabinet will make its final recommendation for Full Council to approve on 24<sup>th</sup> February 2021. Other precepting authorities will announce their Council Tax changes as follows:

- Lancashire County Council – 11<sup>th</sup> February 2021
- Lancashire Fire & Rescue – 2<sup>nd</sup> February 2021
- Lancashire Police & Crime Commissioner – 11<sup>th</sup> February 2021
- Whitworth Town Council – 28<sup>th</sup> January 2021

- 4.2. The current Band D Council Tax for 2021/22 and the previous change across Rossendale is as follows:

### 4.3 Council Tax Base

Despite the number of new homes in the borough increasing by 123, the Council Band D Tax base has decreased by 255 properties - 1.24% to 20,380 Band D equivalents. The reduction is due to the increase in Local Council Tax Support claimants resulting from the Covid pandemic.

The Government has announced funding for lost Council Tax income as a result of the increase in Local Council Tax support claimants, due to Covid. This will be paid directly into the Collection Fund in 2021/22. Any variation through actual billing will be reflected in the Collection Fund. Future estimated increases in the Council Tax have been assumed at 0.5% c102 Band D equivalents. The Local Plan target is 212 pa (albeit there is no Band D equivalent published).

4.4 The draft budget book for 2021/22 (based on the above) is included at Appendix 3. The key assumptions are:

#### 1. Budget estimates:

- a. Annual pay award 2% 2021/22 for staff earning below £24k, 2% pa 2022/23 onwards for all staff – (1% for all staff equates to c.£60k, inclusive of on costs).
- b. An annual staff vacancy saving of £200k pa – a £50k increase (included in Cabinet savings proposals) on previous assumptions.
- c. Pension costs for future service now at 17.6% of gross pay the cost of which is fixed for the three-year period of the Lancashire Pension Fund's Triennial Review. The Council took advantage of the full three-year prepayment option in April 2020.

2. Council tax to increase by 1.99% (previously 1.99% in February 2020) with growth in the tax base of 0.5% pa.

3. The Government's provisional settlement (December 2020) confirmed the NNDR baseline funding and New Homes Bonus payment.

#### 4. NNDR:

- a. The benefits of the 2021/22 pooling arrangement are forecast to contribute a further £1m surplus to reserves of which £541k will be used to support 2021/22 expenditure. This is based on the outcome of previous years and known growth.

- b. However, beyond 2021/22 the outlook is extremely uncertain as 2022/23 should see the introduction of the Government's own proposals for the 75% retention of business rates. The MTFS does assume a continued retained gain of £200k pa less than previous assumptions of £1m. Given the Government's previous consultation on business rates retention and the future Fair Funding review, this assumption continues to have some risk as the 2022/23 and future position could be that all or some greater proportion of growth, previously gained over the last 5, years will be taken away from the Council.

5. New Home Bonus legacy payments ceased being earned in 2018 and ends in 2022/23.

#### 4.5. Fees and charges

The annual budget requires that any changes to the Council's fees and charges be approved by members. Unless there is commercial justification not to increase fees or an alternative statutory regulation, the proposal is to increase all fees and charges by the greater of 2% or CPI. This is an increase of 1% on the amount previously approved by the Council. The November 2020 consumer price index published annual inflation at 0.6%. A full list of fees (including previous year comparisons) are included at Appendix 1.

#### 5. Bridging the Council's future funding gap

5.1. The Council continues to face a funding gap for the future. Therefore the Council should continue to give consideration to:

- The future levels of Council Tax
- Maximising the returns from Business Rates revenue
- The Council's ability to support non-statutory activities and partner/community organisations
- The future quality and standard of statutory service provision
- Any future efficiencies within services and ensuring support services are appropriate
- The Council's ability to exploit new commercial and revenue generating opportunities
- Treasury management initiatives and maximising the strength of the Council's balance sheet resources
- Ensuring any contract renewals are to the best advantage of the Council

#### 5.2 Section 25 report

As part of the final recommendations to Full Council Section 25 of the Local Government Act (2003) places a requirement on the Chief Financial Officer of each local authority to advise councillors during the budget process on "the robustness of the estimates made for the purposes of the budget calculations and the adequacy of the proposed financial reserves", which includes a financial resilience statement. This provision is designed to ensure that members have information which will support responsible financial management over the longer term. The full section 25 report can be found at Appendix 2.

#### 6. RISK

In managing the Council's budget the Council is seeking to manage the following larger scale risks.

6.1 **Council Tax:** In setting the 2021/22 budget, members should continue to plan and give due regard to the continued financial challenges over the medium term. In particular, members should be aware of the future implications for the Council's financial resources of any Council Tax freeze or any increase below the Governments' referendum trigger of the higher of £5.00 or 2%.

- 6.2 **Reserves:** Members should note that the budget proposals include the use of £541k from the Business Rates Retention reserve. The unringfenced reserves are the Transitional and General Fund reserves. The 2021/22 budgets do not include any reliance on the use of these reserves. This is however, a one off over the medium term and is mainly as a result of the Government's delay in implementing a new national 75% NNDR/Business Rates local retention scheme. An ongoing reliance on reserves to manage the medium term budget is unsustainable and this will require the Council to seek future savings and income generation which members will need to support.
- 6.3 **Resources:** In previous years, financial pressures have been reported namely the impact of the reduction in the annual value of New Homes Bonus (now c. £213k pa from a previous peak of c. £1m pa). 2018/19 was the final year for legacy based NHB calculations. However, the impact of the Fair Funding review and the Business Rates reset now planned for 2021/22 will have an impact on the Council's future resources the size of which is as yet unknown.
- 6.4 **Funding gap:** The medium term financial forecast indicates an underlying deficit of c.£0.40m (subject to the assumptions noted above and before future savings initiatives). Members must continue to give due consideration as to how they are to bridge this annual deficit going forward, in order to produce legally balanced budgets for the future.
- 6.5 **NNDR arrangements for 2021/22:** As a result of the Covid pandemic the Government's planned introduction of a new national 75% retention scheme has been further deferred until 2022/23. The arrangements for 2021/22 are therefore the same as 2020/21. The Council remains a member of the Lancashire Business Rates Pool which means the Council retains 40% of all Business Rates income and avoids the direct payment of a 50% levy on any end of year surplus. This is beneficial for the Council's budget position and the Council should continue to lobby for the retention of this model.
- 6.6 **Fair Funding Review:** As noted above this was due to be published in time for 2021/22 financing arrangements however due to the Covid pandemic this has been postponed. The implications for this Council are in the main the impact on our share of Business Rates and in particular the setting of tariffs and our baseline funding.
- 6.7 **Pay:** In the Autumn Spending Review the Government announced a one-year pause on public sector pay increases for staff earning over £24k pa. For 2022/23 and beyond the assumptions are set at 2% pa (plus increments). The budget also assumes, as in previous years a saving as a result of natural staff turnover and the vacancy saving this creates. In previous years this has been set at £150k pa, this year Cabinet are proposing to increase this to £200k pa. Whilst this is a challenging target, it is achievable and will be closely monitored.
- 6.8 **Empty Homes Scheme:** The project continues to have a significant adverse impact on the Council's financial position. In 2020/21 the Council faced several legal claims which have led to the increased budget requirement. The project team continue to closely monitor the scheme, manage the project risks and challenge the claims where possible thereby reducing the scale of the liability, but the scale of this is very limited given the overall scale of both current works and the nature of the property leases. The scheme is due to end in December 2024.
- 6.9 **Covid-19:** Covid has placed additional challenges on the Council's finances and this is anticipated to continue into 2021/22. The scale of these are unknown and therefore difficult to manage. The Council is likely to suffer from reduced income from Council Tax, Business

Rates and Fees and Charges. The Government has provided the Council with £1.219m in 2020/21 to support continued delivery of services, along with a further £415k promised as part of the 2021/22 funding settlement. The Government has also stated it will cover 75% of the Council's irrecoverable Covid losses in respect of Business Rates, Council Tax and Fees & Charges. In addition the Council has received various grants to deliver specific Covid related services. The scale of future Government Covid funding is largely unknown and if all additional costs are not covered in 2021/22 this would have an adverse impact on the budget.

6.10 **Rossendale Leisure Trust:** Covid has had a significant impact on the leisure/culture sector, severely impacting the Leisure Trust's financial position. The Trust has a level of reserves which has helped cushion the full impact in 2020/21. However, these are now exhausted. There has been limited Government support for leisure trusts. The Trust has received some business grants and has bid for financial support from the National Leisure Recovery fund (although the outcome of this is currently not known). The Council is also proposing to support the Trust with a £100k contribution from the local authority support grant mentioned above. The full scale of the Trust's losses are currently unknown as it is dependent on the length of the pandemic. The Trust and the Council need to continue to work together to control the losses wherever possible. This is a risk for the Council in that it provides the day-to-day cashflow for the Trust, and also in respect of the ongoing delivery of leisure services across the borough. It is critical that the Trust remains financially sustainable and financially independent of the Council.

6.11 **Corporate Risk register:** The register already includes risks around the MTFs, the County Council Budget, Covid-19 and the Leisure Trust. Previous assessment resulted in the MTFs being a "red" risk. In November 2019 the rating was assessed to be "amber". However, it is now recommended that members reconsider the suitability of the current risk rating in light of this current MTFs update and it is proposed to return to "red".

## 7. FINANCE

7.1 The key financial matters are dealt with throughout this report. The decision to increase Council Tax is a Member decision. In making their decision Members should give consideration of the deficit facing the Council over the medium term. Given the Council's future deficit an increase of 1.99% in Council Tax is strongly recommended by the S.151 officer. Any change to Council Tax below the maximum allowed, has an ongoing and cumulative negative impact on future year resources.

7.2 The Council continues to face a funding gap challenge despite the savings and income generation work already completed this year and in previous years. The Council has a statutory duty to produce annually a balanced budget and it is legally bound to find a solution to the future funding gap. There are also some higher risk assumptions in the forecast. Ultimately the use of reserves to balance the funding gap, although legal, is both finite and financially not a sustainable approach to managing the budget in the long-term.

7.3 Given the 2021/22 cost base and the financial gap over the longer term that the Council needs to continue to develop plans to reduce its net cost base in order to avoid reliance on limited reserves and to deal with the future resource deficit. The key messages for the medium term continue to be:

- Council must continue to increase Council Tax in line with the Government's maximum thresholds
- Council must give further consideration to either reduce costs or increase revenue
- The introduction of the national "75% Business Rates Retention Scheme" as from

2022/23 and the results of the Fair Funding review could materially impact negatively on the council's current share of annual business rates

## 8. LEGAL

8.1 The Council must calculate and approve its Council Tax Requirement annually for the forthcoming financial year in accordance with s32 and s43 of the Local Government Finance Act 1992 (LGFA 1992). Section 25 of the Local Government Act (2003) also requires the officer having responsibility for the administration of the Council's financial affairs, to report to the Council on the robustness of the budget estimates and adequacy of financial reserves when determining its budget requirement under the Local Government Finance Act 1992. This report discharges this responsibility.

## 9. POLICY AND EQUALITIES IMPLICATIONS

9.1 The Equality Act (2010) requires the Council to have due regard in the exercising of its functions to eliminate discrimination, advance equality of opportunity and foster good relations between people who share a relevant protected characteristic and those who do not share it. Equality impact assessments will be carried out where necessary on any savings proposal. The duty to inform, consult or involve requires that the Council must involve communities and those directly affected at the most appropriate and proportionate level in 'routine functions, in addition to one-off decisions.' Consultation took place with:

- Cabinet and Management Team - December 2020
- Members - December and January 2021
- Public (via the Council's website) – January 2021
- Overview & Scrutiny - 1 February 2021

## 10. CONCLUSIONS

10.1 The financial position for the Council, like all local authorities, is challenging. The Council is proposing to set a revenue budget for 2021/22 of £8.903m.

There are a number of significant risks outside the Council's control which remain a major concern: Covid, the uncertainty of the Fair Funding Review and the Business Rates scheme from 2022/23 onwards, also the still unknown impact of Brexit. The Council must remain focused on identifying and delivering further savings and income in order to ensure annual balanced budgets over the immediate and medium term. It must also ensure that all its budget resource allocations are directed to the core functions of the Council and that the use of its resources drives the delivery of the Council's Corporate Plan priorities.

**Draft - Rossendale Borough Council Budget 2020/21 Risk Analysis and Report Under s25 of the Local Government Act 2000**

1. This analysis is produced in order to:
  - a) Support the conclusions as to the robustness of the budget and adequacy of reserves set out in the Chief Finance Officers report under 25 of the Local Government Act 2003.
  - b) Inform members of the financial risks facing the Council for consideration as part of their debates around the setting of the budget and approving the Medium Term Financial Strategy.
2. Financial risks are clearly of various sorts but can broadly be characterised as follows:
  - The chance of overspending against budget
  - The chance of under spending against budget
  - The chance of an unforeseen event with a major financial impact (for example a flood or similar event)
  - The chance of a significant reduction in previously available financial resources (eg New Homes Bonus, National Non-Domestic Rates, Council Tax, Fees & Charges, etc)
3. Clearly such risks have either a positive or negative effect on the Council's overall financial position. It is the purpose of the financial management process to allow the Council to both identify the risks it faces and the steps required to either mitigate them in the case of negative risks or exploit them in the case of positive risks.
4. The degree to which the Council is exposed to such risks is influenced by a number of factors:
  - The robustness of the budget estimates. In preparing the budget a line by line review of spending and income is carried out by finance staff and Managers to ensure that budgets reflect the reality of operations and Council policies. This process gives some assurance that underlying budget issues are identified and dealt with.
  - The achievability of major variations to spending plans such as growth or savings items. Where major change is undertaken it is always possible that there will be some delays in delivery, for example due to delays in filling posts or restructuring departments. These issues are dealt with in the costing of the business case for change which should tend to underestimate the achievement of savings and overestimate new costs thus presenting a prudent estimate for inclusion in the budget.
  - External factors such as: the Covid-19 Pandemic, Brexit, inflation, the economy, changes to local government financing and fluctuations in the property market, all of which have an influence on costs and income. These issues and how they can be managed are dealt with in the next section of this report.

- The budget reflects the ongoing cost of business previously approved by Members. Any policy changes which impact on the core financial budget requirement are always brought before Members for approval.

Turning to the specific risk areas within the Council's budget for 2021/22 and the medium term the following specific areas of risks have been identified:

<b>Expenditure/ Income Heading</b>	<b>Impact</b>	<b>Likelihood</b>	<b>Comments</b>
<b>Employee Costs</b>			
Pay awards	Medium / High	Low	In the Autumn 2020 Spending Review the Government announced a pause on public sector (excluding NHS front line staff) pay awards for 2021/22 for staff earning over £24k pa.  For 2021/22 the budget therefore assumes an average increase of 2.0% for pay awards for employees earning less than £24k pa only – from 2022/23 onwards the MTFs assumes a 2% pay award for all employees.
Vacancies / structures	Medium	High	Vacancies normally occur during the year generating savings - this has been the experience in recent years. The budgets include an estimate from the savings associated with natural turnover of staff during 2021/22 being £200k for the year. The budget proposals include an increase of £50k from the previous years £150k target.
Pension Contributions	High	Low	The latest actuarial valuation published December 2019 together with a 3 year pre-payment (April 2020) confirmed the budget and MTFs assumptions.
<b>Running Costs</b>			
Energy and Fuel	Medium	Low	It is thought that fuel can be contained with the Operations budget as was the case during 2020/21
Repairs and maintenance	Medium	High	High risk/cost areas remain with. Amongst others, the many drainage culverts within RBC land ownership, uninsured malicious damage to property and resolution of potential public liability matters. Capital requirements continue to experience increasing demand.  The budget proposes a £100k pa capital scheme (£500k over the life of the MTFs,

<b>Expenditure/ Income Heading</b>	<b>Impact</b>	<b>Likelihood</b>	<b>Comments</b>
			funded from either capital receipts, internal or external borrowing.
Insurance	Medium	High	<p>The Council's insurance portfolio was tendered during 14/15 with the potential for a new 7 year max'm relationship.</p> <p>Sporadically we have in recent years experienced a number of occupational health claims in relation to past employment. Councils are often seen, mistakenly, as resource rich by the legal system as liability is deemed to be with the local government public sector even though working life could have been, in part, within the private sector.</p> <p>MMI the Councils insurer in 1992 triggered the Creditors Scheme of Arrangement, during 2013/14. MMI now require contribution rates of 25% per claim.</p> <p>Adequacy of provisions will be reviewed at the close of 2021/22. No further claims were received during 2020/21, but we are dealing with two from the earlier year.</p> <p>The Council has <u>not</u> been able to identify its insurance providers pre – 1971. Any financial claims pre-1971 will fall entirely on the Council – effectively self-insured for pre 1971 claims.</p>
<b>Contract Costs</b>			
ICT	Low/ Medium	Medium	The Civica Financial & Icon contracts are to be reviewed during 2021/22
Leisure	High	High	<p>Rosendale Leisure Trust has been self-financing in recent years, albeit supported by the Council's "back office" teams. However the covid-19 pandemic has impacted significantly on the leisure industry and continues to do so.</p> <p>As the Council provides the day to day cash flow for the Leisure Trust should the Trust get into financial difficulties they may not be able to reimburse the Council. This is a significant risk which increases the longer the pandemic lasts.</p>
Revenues	High	Low	The price of the largest single contract is now

<b>Expenditure/ Income Heading</b>	<b>Impact</b>	<b>Likelihood</b>	<b>Comments</b>
Benefits and Customer Contracts			fixed following a tender and is now in place for at least another 10 years (with options to extend) commencing 1 <sup>st</sup> December 2019.
Housing Benefits	High	Medium/High	Expenditure in this area is c. £19m and is the largest single item of expenditure in the Council's budget. Whilst this expenditure, is in the main, fully funded by grant there is an extremely complex system of rules that determine what is and what is not eligible for grant. Given that a 1% variance on this budget amounts to c.£190k and with some previous history of variances in this area, significant caution needs to be exercised.
Council Tax Support	High	High	<p>Since 2013/14 the council is now exposed to the cost of increased take up from claimants (be they of working age or pensioners). A 2% allowance has been factored into our tax base for additional growth. The Council and other precept authorities continue to be exposed to the risk of additional growth and the cost of non-collection from those who are not eligible to a maximum 80% benefit.</p> <p>The Covid Pandemic has led to an increase in the number of Local Council Tax Support claimants, this has adversely affected the overall Council Tax collection rate. However Government has announced grants to cover 75% of the Council Tax collection fund irrecoverable losses.</p>

Capital Financing and Interest	High	Medium	<p>The Councils ability to make interest gains has significantly reduced over the last few years as bank rates have remained low, the Covid pandemic has meant that current investment interest rates are 0%, with potential for them to fall below 0%. The MTFS assumes interest rates will remain flat during 2021/22.</p> <p>The use of cash balances to support capital projects will reduce our balances to close to day to day working capital requirements.</p> <p>Estimates of future interest rates can be seen in the Councils Treasury Management Strategy.</p>
NNDR (Business Rates)	High	low	<p>Estimating the Council's share of income from business rates for 2021/22 remains a challenge, not only due to the Covid-19 pandemic but also due to the ongoing uncertainty on the timing and level of appeals.</p> <p>Therefore it is prudent to earmark the Business Rates Reserve to provide a degree of contingency should income fall below projected levels. This is important given the Council remains a member of the Lancashire Business Rates Pool and by virtue of this does not benefit from any safety net protection under the current scheme of business rates retention.</p> <p>Covid-19 has had a significant impact on our 2021/22 business rates income, however actual income from business rates will not be finalised until after the end of the financial year. As part of the 2021/22 Financial Settlement Government has announced they will fund 75% of 2020/21 irrecoverable business rate losses although the mechanism of how this will work is not yet clear.</p>
New Homes Bonus	High	High	2018/19 was the final year for the 4 year NHB funding. There has been no similar replacement scheme. Funds due for 2021/22 are as per the Government's Finance Settlement.

<b>Expenditure/ Income Heading</b>	<b>Impact</b>	<b>Likelihood</b>	<b>Comments</b>
			There is an increased risk as to the value of the replacement scheme for 2021/22 future years. The details of which have yet to be announced.
Housing	High	High	<p>During 2020/21 the Council has continued to face a significant capacity challenge as it continues to work through the Empty Homes Scheme.</p> <p>The 2021/22 budget has been increased in light of the level of legal claims the Council is now facing.</p>
<b>Current Economic Outlook</b>	High	High	<p>Covid-19 has had a significant impact on the economic outlook, and to a certain extent as we are still in the middle of the pandemic the future is still very uncertain. Coupled with that, whilst the Government have agreed a Brexit deal, the full economic impact is still unknown.</p> <p>The Councils Treasury Management advisors are predicting that both inflation and interest rates will remain low throughout 2021/22.</p>
<b>Use of Transitional Reserves</b>	High	High	<p>The Council will continue to grow when and where possible this reserve in order to support and balance future in year budget deficits.</p> <p>2021/22 will not require the use of the Transitional Reserves.</p> <p>The forecast balance for 31/03/21 is c£0.780m.</p>
<b>Level of Council Tax</b>	High	High	<p>This is the Council's most significant income source.</p> <p>As a district Council, Rossendale is able to increase its CTax by a maximum of 2% or £5 (whichever is the higher) in order to avoid the risk of a referendum. ## 5. Adequacy of Reserves

Having conducted a review of the Council's requirement for the minimum working balance, taking into consideration various matters including:-

- the Council's spending plans for 2021/22 and the medium term financial position;
- adequacy of estimates of inflation, interest rates;
- treatment of demand led pressures;
- impact of external partnerships;
- the need to respond to emergencies.
- Capital programme variations.

I can confirm that an amount of £1.0m is considered adequate for this purpose. £1m equates to c3% of the Council's gross expenditure.

In relation to other financial reserves, a review has also been conducted to determine their adequacy. In addition to the matters referred to above, and taking into account the Medium Term Financial Plan, the review concluded that the level of such reserves is adequate based on current information in relation to anticipated risk, existing commitments and known future plans. That said, should there be a significant call on those reserves another review will need to be carried out.

However, it is important to note the rate at which reserves are being used to support the General Fund Revenue Budget is not sustainable over the medium term without the need to align expenditure more closely with ongoing resources.

In particular, during the lifetime of the current Medium Term Financial Plan, it is projected that the entirety of the Transitional Reserve will be used. By that time, the Council will have had to take the necessary action to balance expenditure with ongoing resources. This statement is made on the understanding that any use of reserves and balances is undertaken in accordance with the Council's existing Financial Procedure Rules and that a further review of reserves and balances will be undertaken in July 2021 following the preparation of the Council's accounts for 2020/21.

## 6. Financial Assurance Statement

The Council must set a balanced budget each year. As the Council's designated Finance Officer, I have a legal duty to report to Full Council in February 2021 on the robustness of the Council's budget and the adequacy of reserves.

I have considered the major items of expenditure and income and their sensitivity to change, together with the budget proposals and assessed the impact on the Council's future forecasts and level of reserves. It is my opinion that the estimates have been prepared and reviewed utilising the most up to date and accurate information available

and that all assumptions made are reasonable in the current uncertain economic climate.

I can confirm the recommendations contained in this report will provide the Council with a robust financial position in 2021/22.

I am of the view that the Council is pursuing a sound financial strategy in the context of the challenging financial position. However there is still a significant level of uncertainty from the major risks, e.g. the ongoing Covid pandemic, impact of Brexit and the implementation of the outcome of the Fair Funding Review and the Business Rates reset from April 2022 onwards. Combined with this is the projected scale of savings required by the Council to ensure a balanced budget in future years which means I cannot comment on the robustness of the estimates beyond 2021/22.

7. Therefore, in conclusion for 2021/22, being the current year ahead, I am able to give positive assurance to Members as to:

- The adequacy of General and earmarked reserves to address the risks against which they are held and
- The robustness of the budget for 2021/22

### **3 Council Tax Base**

- 3.1 That it is noted that The Head of Finance calculated the following amounts for the year 2021-22 for the whole area of the Borough **20,380** "D" Band equivalent units [Item T in the formula in Section 31B of the Local Government Finance Act 1992, as amended by the Localism Act 2011]
- 3.2 For that part of the Council's area being Whitworth Parish, the amount of **2,160** "D" Band equivalent units, being the amounts calculated by the Council in accordance with Regulation 6 of the Regulations, as the amounts of its Council Tax for the year for dwellings in that part of its area to which the Special Items relate.

### **4 Council Tax Declaration**

The Council is recommended to resolve as follows:-

- 4.1 Calculate that the Council Tax Requirement for the Council's own purposes for 2021/22 (excluding Parish precepts) is £ 5,810,949;
- 4.2 That the following amounts be calculated for the year 2021/22 in accordance with Sections 31 to 36 of the Local Government Finance Act 1992:-
- (a) **£30,246,003** Being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(2) of the Act taking into account all precepts issued to it by Parish Councils.
- (b) **£24,379,304** Being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(3) of the Act.
- (c) **£5,866,699** Being the amount by which the aggregate at 4.2(a) above exceeds the aggregate at 4.2(b) above, calculated by the Council, in accordance with Section 31A(4) of the Act, as its Council Tax requirement for the year. (Item R in the formula in Section 31B of the Act).
- (d) **£287.87** Being the amount at 4.2(a) above less the amount at 4.2(b) above, divided by the amount at 3.1 above,

calculated by the Council, in accordance with Section 31(B) of the Act, as the basic amount of its Council Tax for the year (including Parish precepts).

- (e) **£55,750** Being the aggregate amounts of all special items (Parish precepts) referred to in Section 34(1) of the Act.
- (f) **£285.13** Being the amount at 4.2(d) above less the result given by dividing the amount at 3(e) above by Item T (1(a) above), calculated by the Council, in accordance with Section 34(2) of the Act, as the basic amount of its Council tax for the year for dwellings in those parts of its area to which no Parish precept relates.
- (g) **£310.94** for part of the Council's area, Parish of Whitworth, being the amounts given by adding to the amount at 4.2(f) above the amounts of the special item or items relating to dwellings in those parts of the Council's area mentioned above divided in each case by the amount at 3.2 above, calculated by the Council, in accordance with Section 34(3) of the Act, as the basic amounts of its Council Tax for the year for dwellings in those parts of its area to which one or more special items relate.
- (h) Being the amounts shown below that are given by multiplying the amounts at 4.2(f) and 4.2(g) above by the number which, in the proportion set out in Section 5(1) of the Act, is applicable to dwellings listed in a particular valuation band divided to dwellings listed in valuation band D, calculated by the Council, in accordance with Section 36(1) of the Act, as the amounts to be taken into account for the year in respect of categories of dwellings listed in different valuation bands.

5 To determine in accordance with Section 52ZB of the Local Government Finance Act 1992 that the Council's basic amount of Council Tax for 2021/22 is not excessive in accordance with principles determined by the Secretary of State under Section 52ZC. As the billing authority, the Council has not been notified by a major precepting authority that its relevant basic amount of Council Tax for 2020/21 is excessive and therefore the billing authority is not required to hold a referendum in accordance with section 52ZK of the Local Government Finance Act 1992.

6 **Council Tax**

Collection - That the Head of Customer Services and e-Government, officers and partners be authorised to take all necessary steps to ensure collection and recovery of the Council Tax and National Non-Domestic Rates (NNDR).

7 **NNDR1**

In accordance with Section 59A of The Local Government Finance Act 1988, as amended by The Local Government Finance Act 2012, the report informs members of the calculations carried out in estimating the level of National Non-Domestic Rates (the business rates tax base) the Council anticipates collecting in 2021-22. The business rates tax base, reported in the NNDR1 submission to the Department for Communities and Local Government (DCLG), is noted as £00000 (Part 1a, line 13).

That estimated amounts due from each authority in relation to NNDR collection fund for 2020-21 are noted:
