1. RECOMMENDATIONS

Council approve:-

- 1.1. A revenue budget for 2022/23 of £8.991m, as detailed in this report.
- 1.2. A council tax increase of 1.99% which equates to a rate for Band D for 2022/23 of £290.80.
- 1.3. Use of £56k from the Transitional reserve to support the 2022/23 revenue budget.
- 1.4. The proposed fees and charges attached as Appendix 1.
- 1.5. The technical resolution necessary to give effect to these budget proposals attached as Appendix 4.

2. PURPOSE OF REPORT

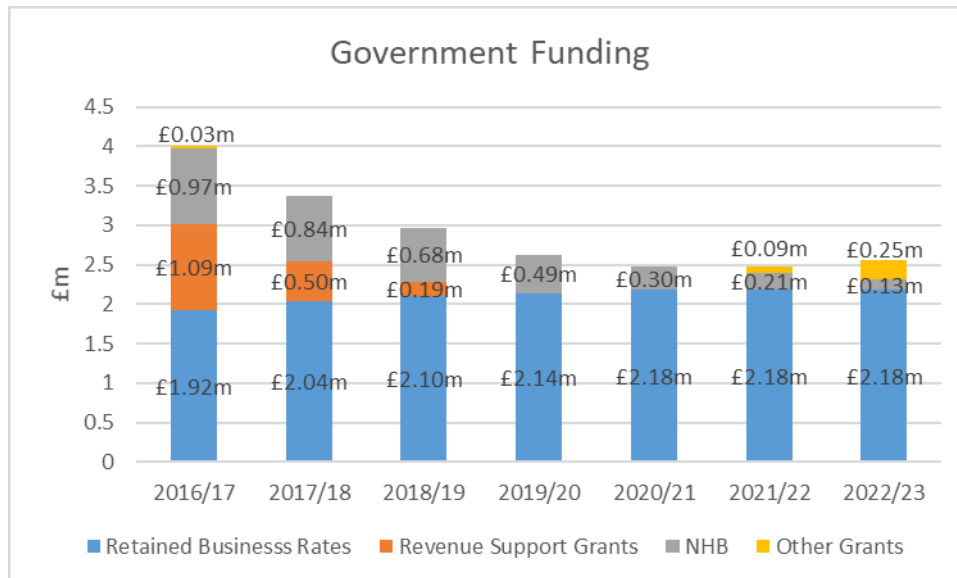

- 2.1 Full Council are to consider Cabinet's recommendation to approve the proposed revenue budget and level of Council Tax for 2022/23, together with implications for the council's Medium Term Financial Strategy.

3. BACKGROUND

- 3.1 The budget process is a key element of the council's strategic planning process. It is part of the service and financial planning approach adopted by the council, is a means of ensuring that resources are best placed to enable the council to deliver its corporate priorities expressed in the Corporate Plan.
- 3.2 Previous budget reports have set out the level of uncertainty associated with any forward projections with Government funding. This uncertainty remains given the one-year funding settlement from the Government for 2022/23. The Government has announced that during 2022 there will be a comprehensive review of the distribution of local government funding, however it is unclear whether this will include a business rates reset. There will be transitional protections to accompany any funding reforms. The outcome of the review has the potential to significantly impact on the council's future funding.

3.3 For a number of years the council has continued to reduce its net revenue expenditure in line with its own efficiency agenda and the impact of the Government's changes to local government financing over both recent years and the changes proposed for the future. This has resulted in all borough councils now being heavily reliant on the income they generate from their own locality, be it from residents, visitors, property, and/or businesses. The graph below demonstrates how Government funding for Rossendale has reduced over the period 2016/17 to 2022/23, with Revenue Support Grant ceasing from 2019/20.

Table 1

3.4 During 2020/21 the Government announced a wide range of funding programmes in response to the Covid pandemic, these have continued throughout 2021/22. This has included financial support for the council which has partly helped in compensating for lost income. This has had an impact on the 2021/22 revenue budget, it is unknown at this time whether Covid financial support will continue into 2022/23.

3.5 2022/23 Provisional Finance Settlement

The provisional one year only Settlement Funding Assessment for 2022/23 was announced on 16th December 2021. The key messages arising from the settlement are:

- Up to 2% maximum annual increase for Council Tax without triggering a local referendum.
- Confirmation that the NNDR baseline funding will be the same as 2020/21.
- New Homes Bonus payments will be made in 2022/23 for one year only, however legacy payments will still be made on 2019/20 allocations.
- Extension of the 'Lower Tier Services Grant' in to 2022/23.
- Announcement of a new funding stream for 2022/23 only 'Services Grant'.
- The Lancashire Business Rates Pool is likely to continue in 2021/22.

3.6 The Medium Term Financial Strategy

Taking into account the impact of finance settlement, including an annual increase in Council Tax of 1.99% per annum, the 2022/23 net budget estimates, resources and future forecasts are as follows:

3.9 Impact on reserves

As shown in Table 1, after the implementation of the Cabinet proposals there is a funding gap of £56k in 2022/23. This is to be funded by the Transitional reserve as set out in the table, below. The table also shows the potential impact on the unringfenced Transitional reserve and the General reserve if no further savings/increased income are found:

Table 5

Use of Reserves if no further savings implemented	2021-22	2022-23	2023-24	2024-25	2025-26
£000	£000	£000	£000	£000	£000

Transitional Reserve usage	1,789	0	(56)	(619)	(666)
General Fund Reserve	1,000	0	0	0	(120)
Reserve Balance	2,789	2,733	2,114	1,448	880

The table demonstrates an annual deficit from 2022/23 onwards. In the immediate period this can be funded through the use of the Transitional reserve and latterly the General Fund reserve. The total value of the Transitional Reserve was £1.8m at 31st March 2021.

3.10 In addition to the Transitional reserve the Council also holds a General Fund reserve of £1.0m this is in reality the Council's Minimum Working Balance, this is a requirement of Sections 32 and 43 of the Local Government Finance Act 1992 which requires local authorities to consider the establishment and maintenance of reserves. These can be held for three main purposes:

- a working balance to help cushion the impact of uneven cash flows and avoid unnecessary temporary borrowing – this forms part of general reserves;

- a contingency to cushion the impact of unexpected events or emergencies – this also forms part of general reserves;
- a means of building up funds, often referred to as earmarked reserves, to meet known or predicted requirements; earmarked reserves are accounted for separately but legally remain part of the General Fund

In support of this requirement, and as part of the development of the budget for 2022/23, an assessment has been carried out to establish the minimum level of the General Fund Working Balance for this Council. Based on this assessment it is recommended that the minimum working balance should remain at £1.0m. At this level it represents circa 3% of the council's gross revenue expenditure.

- 3.11 Table 5 demonstrates that if no further savings/efficiencies/income generation schemes are implemented by the end of 2025/26 the Transitional Reserve will be exhausted and the General Fund Reserve will have £880k remaining. The figures above do not include any impact that may arise from the 2021/22 close down.
- 3.12 In addition to the above reserves the council also holds a Local Business Rate Retention reserve. The Business Rate Collection Fund annual surpluses and deficits are set aside in this earmarked reserve to smooth peaks and troughs in business rate receipts over the life of the forecast. At 31/03/2021 the balance of this reserve was £6.229m. This balance is exceptionally high due to the additional S31 grant receipts during 2020/21, in respect of the extension of the Retail, Hospitality, Leisure and Nursery reliefs which are due to be released equally over the three years, commencing 2021/22, to fund Collection Fund deficits. This is in accordance with amended legislation to fund the 'exceptional balance' incurred as a result of the Covid pandemic on the Collection Fund ('re-phasing the deficit'). In addition £606k of this reserve is currently budgeted to be used during 2021/22. Further information on reserves can be found in Appendix 2.

4. Council Tax for 2022/23

4.1 Cabinet will make its final recommendation for Full Council to approve on 23rd February 2022. Other precepting authorities will announce their Council Tax changes as follows:

- Lancashire County Council – 17th February 2022
- Lancashire Fire & Rescue – 21st February 2022
- Lancashire Police & Crime Commissioner – 1st February 2022
- Whitworth Town Council – 27th January 2022

4.2 The proposed Band D Council Tax for 2022/23 and the previous change across Rossendale is as follows:

Table 6

* At the time of publication the proposed increases have not yet been formally approved.

4.3 Council Tax Base

2021/22 saw a reduction in the Council Tax Base due to the increase in Local Council Tax Support claimants, resulting from the Covid pandemic. Across Rossendale as a whole, the level of Council Tax Support granted has not yet returned to pre Covid pandemic levels and therefore even though there has been growth the Council Tax Base has not yet fully recovered. For 2022/23 the Council Band D Tax base has increased by 200 properties – 0.98% to 20,580 Band D equivalents.

Any variation through actual billing will be reflected in the Collection Fund. Future estimated increases in the Council Tax have been assumed at 0.75% c154 Band D equivalents. The Local Plan target is now 185 pa (albeit there is no Band D equivalent published).

4.4 The draft **budget book** for 2022/23 (based on the above) is included at Appendix 3. The key assumptions are:

1. Budget estimates:

- a. Annual pay award 2.5% 2022/23 for all staff, 2% pa 2023/24 onwards for all staff – (1% for all staff equates to c.£60k, inclusive of on costs).
- b. An annual staff vacancy saving of £200k pa
- c. Pension costs for future service now at 17.6% of gross pay the cost of which is fixed for the three-year period (2020/21, 2021/22 & 2022/23) of the Lancashire Pension Fund's Triennial Review. The Council took advantage of the full three-year prepayment option in April 2020.

2. Council tax to increase by 1.99% (previously 1.99% in February 2021) with growth in the tax base of 0.75% pa included from 2023/24 onwards.

3. The Government's provisional settlement (December 2021) confirmed the NNDR baseline funding and New Homes Bonus payment.

4. NNDR:

- a. The benefits of the 2021/22 pooling arrangement are currently forecast to contribute c£390k to reserves, however the Government has recently announced further NNDR reliefs which are likely to reduce this figure. Pooling gains have reduced significantly during the pandemic due to the additional reliefs Government has granted and the impact they have had on the NNDR Collection Fund, as detailed in 3.10 above.
- b. Whilst the pool is retained for 2022/23 it is difficult to predict how the ongoing pandemic will impact on NNDR receipts or whether the Government will announce further reliefs which will also negatively affect any potential pooling gains. This MTFS assumes pooling gains of £390k in 2022/23.
- c. Beyond 2022/23 the outlook is very uncertain as whilst the Government has announced a review of Local Government funding, whether this includes the current business rates retention scheme and/or a business rates reset is unknown. The MTFS does assume a continued retained pooling gain of £200k pa, less than previous assumptions of £1m. Given the Government's previous consultation on business rates retention, this assumption continues to have some risk as the 2023/24 and future position could be that all or some greater proportion of growth will be taken away from council.

5. New Home Bonus legacy payments ceased being earned in 2018 and end in 2022/23.

4.5 Fees and charges

The annual budget requires that any changes to the council's fees and charges be approved by members. Unless there is commercial justification not to increase fees or an alternative statutory regulation, the proposal is to increase all fees and charges by a minimum of 2% having taken into consideration the consumer price index (CPI) impact on the service. The November 2021 CPI published annual inflation at 5.1%. A full list of fees (including previous year comparisons) are included at Appendix 1.

5. Bridging the council's future funding gap

5.1. The council continues to face a funding gap for the future. Therefore the council should continue to give consideration to:

- The future levels of Council Tax
- Maximising the returns from business rates revenue
- The council's ability to support non-statutory activities and partner/community organisations
- The future quality and standard of statutory service provision
- Any future efficiencies within services and ensuring support services are appropriate
- The council's ability to exploit new revenue generating opportunities
- Treasury management initiatives and maximising the strength of the council's balance sheet resources
- Ensuring any contract renewals are to the best advantage of the council

5.2. Section 25 report

As part of the final recommendations to Full Council Section 25 of the Local Government Act (2003) places a requirement on the Chief Financial Officer of each local authority to advise councillors during the budget process on "the robustness of the estimates made for the purposes of the budget calculations and the adequacy of the proposed financial reserves", which includes a financial resilience statement. This provision is designed to ensure that members have information which will support responsible financial management over the longer term. The full section 25 report can be found at Appendix 2.

6. RISK

In managing the council's budget the council is seeking to manage the following larger scale risks.

6.1 **Council Tax:** In setting the 2022/23 budget members should continue to plan and give due regard to the continued financial challenges over the medium term. In particular, members should be aware of the future implications for the council's financial resources of any council tax freeze or any increase below the Governments' referendum trigger of the higher of £5.00 or 2%.

6.2 **Reserves:** Members should note that the 2022/23 budget proposals include the use of £56k from the Transitional reserve. The unringfenced reserves are the Transitional and General Fund reserves. An ongoing reliance on reserves to manage the medium term budget is unsustainable and this will require the council to seek future savings and income generation

which members will need to support.

- 6.3 **Resources:** The Council faces significant financial pressures, with table 1 showing the continued real term reduction in Government funding in particular the impact of the reduction in the annual value of New Homes Bonus (reduced to £130k in 2022/23 from a peak of c£1m in 2016/17). The recently announced revised funding review and the continued uncertainty around Business Rate retention/reset will have an impact on the council's future resources the size of which is as yet unknown.
- 6.4 **Funding gap:** The medium term financial forecast indicates the underlying deficit has increased to c£0.6m (subject to the assumptions noted above and before future savings initiatives). Members must continue to give due consideration as to how they are to bridge this annual deficit going forward, in order to produce legally balanced budgets for the future.
- 6.5 **NNDR arrangements for 2022/23:** The Government's planned new national 75% retention scheme will not be implemented in 2022/23, there is uncertainty as to whether this scheme will now be implemented at all. Therefore the arrangements for 2022/23 are the same as 2021/22. The council remains a member of the Lancashire Business Rates Pool which means the council retains 40% of all business rates income and avoids the direct payment of a 50% levy on any end of year surplus. This is beneficial for the council's budget position and the council should continue to lobby for the retention of this model, however as stated in 4.4 the impact of Covid has significantly reduced the current benefits from the pool.
- 6.6 **Fair Funding Review:** The Fair Funding review as originally proposed will not now be introduced. As part of the provisional financial settlement Government announced that over the coming months the Department for Levelling Up, Housing and Communities will be carrying out a review of council funding to ensure funding allocations for councils are based on an up-to-date assessment of their needs and resources, with a view to implementing the revised funding scheme from 2023/24 onwards. It is not yet known what impact the review will have on the Council's funding levels, however this poses a significant risk to the MTFS.
- 6.7 **Pay:** The budget assumes a 2.5% pay award in 2022/23 and 2% each year thereafter. The budget also assumes, as in previous years a saving as a result of natural staff turnover and the vacancy saving this creates, this is set at £200k pa. Whilst this is a challenging target, it is achievable and will be closely monitored.
- 6.8 **Capital:** Members need to be aware of the impact the increased number of capital schemes and expenditure will have on the MTFS in future years. Capital expenditure has to be paid for through the revenue budget spread across the life of the asset, this is called the Minimum Revenue Provision (MRP). The MRP charged to the revenue budget in 2022/23 based on the estimated capital expenditure is c£480k, however based on current schemes this rises to c£870k by 2025/26. This places additional pressure on the MTFS.
- 6.9 **Empty Homes Scheme:** The project continues to have a significant adverse impact on the council's financial position with several legal claims ongoing. The project team continue to closely monitor the scheme, manage the project risks and challenge the claims where possible thereby reducing the scale of the liability, but the scale of this is very limited given the overall scale of both current works and the nature of the property leases. The scheme is due to end in December 2024.
- 6.10 **Covid-19:** Covid continues to place additional challenges on the council's finances and staffing resources, this is now anticipated to last into 2022/23. The scale of these are

unknown and therefore difficult to manage. The council may continue to suffer from reduced income from Council Tax, Business rates and fees and charges. The Government provided the council with £415k in 2021/22 to support continued delivery of services. The scale of future Government Covid funding, if any, is unknown and if any additional costs in 2022/23 are not covered this would have an adverse impact on the budget.

- 6.11 **Rossendale Leisure Trust:** Covid has had a significant impact on the leisure/culture sector, severely impacting the Leisure Trusts' financial position. The Trust had a level of reserves which along with the support from the Council approved in February 2021, the Covid Business Grants and the Leisure recovery fund have served to cushion the full financial impact. Whilst the Leisure Trust is now able to trade the membership and income levels have not yet recovered to pre-pandemic levels. The full scale of the Trusts' losses are still unquantifiable as the impact of the pandemic is ongoing. In addition a new private leisure provision is due to open in Rawtenstall in early 2022, which may adversely impact on the Trusts income. The Trust and the council need to continue to work together to control the losses wherever possible. This is a risk for the council in that it provides the day-to-day cashflow for the Trust, and also in respect of the ongoing delivery of leisure services across the borough. It is critical that the Trust remains financially sustainable and financially independent of the council.
- 6.12 **Corporate Risk register:** The register includes risks around the MTFS, the County Council Budget, Covid-19 and the Leisure Trust. The MTFS is currently a "red" risk, in light of this current MTFS update it is recommended that the current risk rating is retained.

7. FINANCE

- 7.1 The key financial matters are dealt with throughout this report. The decision to increase Council Tax is a Member decision. In making their decision Members should give consideration of the deficit facing the council over the medium term. Given the council's future deficit an increase of 1.99% in Council Tax is strongly recommended by the s.151 officer. Any change to Council Tax below the maximum allowed, has an ongoing and cumulative negative impact on future year resources.
- 7.2 The council continues to face a funding gap challenge despite the savings and income generation work already completed this year and in previous years. The council has a statutory duty to produce annually a balanced budget and it is legally bound to find a solution to the future funding gap. There are also some higher risk assumptions in the forecast. Ultimately the use of reserves to balance the funding gap, although legal, is both finite and financially not a sustainable approach to managing the budget in the long-term.
- 7.3 Given the 2022/23 cost base and the financial gap over the longer term that council needs to continue to develop plans to reduce its net cost base in order to avoid reliance on limited reserves and to deal with the future resource deficit. The key messages for the medium term continue to be:
- Council must continue to increase Council Tax in line with the Government's maximum thresholds.
 - Council must give further consideration to either reduce costs or increase revenue.
 - The results of the recently announced revised funding review could materially impact future Government funding.
 - The future of the retained business rates scheme is unknown and poses a threat to the Council's current share of annual business rates income.

8. LEGAL

The council must calculate and approve its Council Tax Requirement annually for the forthcoming financial year in accordance with s32 and s43 of the Local Government Finance Act 1992 (LGFA 1992). Section 25 of the Local Government Act (2003) also requires the officer having responsibility for the administration of the council's financial affairs, to report to the council on the robustness of the budget estimates and adequacy of financial reserves when determining its budget requirement under the Local Government Finance Act 1992. This report discharges this responsibility.

9. POLICY AND EQUALITIES IMPLICATIONS

The Equality Act (2010) requires the council to have due regard in the exercising of its functions to eliminate discrimination, advance equality of opportunity and foster good relations between people who share a relevant protected characteristic and those who do not share it. Equality impact assessments will be carried out where necessary on any savings proposal. The duty to inform, consult or involve requires that the council must involve communities and those directly affected at the most appropriate and proportionate level in 'routine functions, in addition to one-off decisions.' Consultation took place with:

- Cabinet and Management Team – October and December 2021
- Members - January 2022
- Public (via the council's website) – January 2022
- Overview & Scrutiny - 1 February 2022

10. CONCLUSIONS

The financial position for the council, like all local authorities, is challenging. The council is proposing to set a revenue budget for 2022/23 of £8.991m.

There are a number of significant risks outside the council's control which remain a major concern: Covid, the uncertainty of the recently announced revised funding review and the Business Rates scheme from 2023/24 onwards, also the ongoing impact of Brexit. The council must remain focused on identifying and delivering further savings and income in order to ensure annual balanced budgets over the immediate and medium term. It must also ensure that all its budget resource allocations are directed to the core functions of the council and that the use of its resources drives the delivery of the council's Corporate Plan priorities.

Draft - Rossendale Borough Council Budget 2022/23 Risk Analysis and Report Under s25 of the Local Government Act 2000

1. This analysis is produced in order to:
 - a) Support the conclusions as to the robustness of the budget and adequacy of reserves set out in the Chief Finance Officers report under 25 of the Local Government Act 2003.
 - b) Inform members of the financial risks facing the Council for consideration as part of their debates around the setting of the budget and approving the Medium Term Financial Strategy.

2. Financial risks are clearly of various sorts but can broadly be characterised as follows:
 - The chance of overspending against budget
 - The chance of under spending against budget
 - The chance of an unforeseen event with a major financial impact (for example a flood or similar event)
 - The chance of a significant reduction in previously available financial resources (eg New Homes Bonus, National Non-Domestic Rates, Council Tax, Fees & Charges, etc)

3. Clearly such risks have either a positive or negative effect on the Council's overall financial position. It is the purpose of the financial management process to allow the Council to both identify the risks it faces and the steps required to either mitigate them in the case of negative risks or exploit them in the case of positive risks.

4. The degree to which the Council is exposed to such risks is influenced by a number of factors:
 - The robustness of the budget estimates. In preparing the budget a line by line review of spending and income is carried out by finance staff and Managers to ensure that budgets reflect the reality of operations and Council policies. This process gives some assurance that underlying budget issues are identified and dealt with.
 - The achievability of major variations to spending plans such as growth or savings items. Where major change is undertaken it is always possible that there will be some delays in delivery, for example due to delays in filling posts or restructuring departments. These issues are dealt with in the costing of the business case for change which should tend to underestimate the achievement of savings and overestimate new costs thus presenting a prudent estimate for inclusion in the budget.
 - External factors such as: the Covid-19 Pandemic, Brexit, inflation, the economy, changes to local government financing and fluctuations in the property market,

Responsible Section/Team	Financial Services	Page	1

Date last amended	January 2022	Due for review	January 2023

all of which have an influence on costs and income. These issues and how they can be managed are dealt with in the next section of this report.

- The budget reflects the ongoing cost of business previously approved by Members. Any policy changes which impact on the core financial budget requirement are always brought before Members for approval.

Turning to the specific risk areas within the Council's budget for 2022/23 and the medium term the following specific areas of risks have been identified:

Table 1

Expenditure/ Income Heading	Impact	Likelihood	Comments
Employee Costs			
Pay awards	Medium / High	Medium	The 2021/22 pay award has not yet been agreed. The final offer from National Employers is 1.5% for Chief Officers and 1.75% for all other staff (subject to Foundation Living Wage override), the budget therefore includes these proposals for 2021/22. For 2022/23 the budget assumes an average increase of 2.5% for pay awards for all employees – from 2022/23 onwards the MTFS assumes a 2% pay award for all employees.
Vacancies / structures	Medium	High	Vacancies normally occur during the year generating savings - this has been the experience in recent years. The budgets include an estimate from the savings associated with natural turnover of staff during 2022/23 being £200k for the year. This is a challenging but achievable target.
Pension Contributions	High	Low	The latest actuarial valuation published December 2019 together with a 3 year pre-payment (April 2020) confirmed the budget and MTFS assumptions. 2022/23 is the final year of the current triennial review.
Running Costs			
Energy and Fuel	Medium	High	Both energy and fuel prices have increased significantly during 2021/22. The 2022/23 budget has been uplifted to cover the known increased costs. We are in a fixed price contract for energy costs, however if vehicle fuel costs

Repairs and maintenance	Medium	High	<p>High risk/cost areas remain with. Amongst others, the many drainage culverts within RBC land ownership, uninsured malicious damage to property and resolution of potential public liability matters. Capital requirements continue to experience increasing demand.</p> <p>The budget proposes to continue the £100k pa capital scheme (£500k over the life of the MTFs, funded from either capital receipts, internal or external borrowing. In addition a further scheme has been added to cover any potential future unknown legacy liabilities.</p>
Insurance	Medium	High	<p>The Council's insurance portfolio was tendered during 14/15 with the potential for a new 7 year max'm relationship, due to the Covid pandemic this has been extended for a further two year period.</p> <p>Sporadically we have in recent years experienced a number of occupational health claims in relation to past employment. Councils are often seen, mistakenly, as resource rich by the legal system as liability is deemed to be with the local government public sector even though working life could have been, in part, within the private sector.</p> <p>MMI the Councils insurer in 1992 triggered the Creditors Scheme of Arrangement, during 2013/14. Contract Costs			
ICT	Low/Medium	Medium	The Civica Financial & Icon contracts have been renewed during 2021/22 through a framework.
Leisure	High	High	<p>Rossendale Leisure Trust has been self-financing in recent years, albeit supported by the Council’s “back office” teams. However the covid-19 pandemic has impacted significantly on the leisure industry and whilst the Trust is recovering, income streams have not yet returned to pre-pandemic levels.</p> <p>During 2021/22 the Trust also took over responsibility for running the ski slope, CLAW and the Whitaker.</p> <p>As the Council provides the day to day cash flow for the Leisure Trust should the Trust get into financial difficulties they may not be able to reimburse the Council. This is a significant risk which increases the longer the pandemic lasts.</p>
Revenues Benefits and Customer Contracts	High	Medium	The Council has a contract with Capita to deliver its Revenues, Benefits and One Stop Shop the contract commenced in December 2019 and is to run for 10 years with options to extend. The contract is subject to annual indexation increases.
Housing Benefits	High	Medium/High	Expenditure in this area is c. £19m and is the largest single item of expenditure in the Council’s budget. Whilst this expenditure, is in the main, fully funded by grant there is an extremely complex system of rules that determine what is and what is not eligible for grant. Given that a 1% variance on this budget amounts to c.£190k and with some previous history of variances in this area,

Council Tax Support	High	High	<p>Since 2013/14 the council is now exposed to the cost of increased take up from claimants (be they of working age or pensioners). A 2% allowance has been factored into our tax base for additional growth. The Council and other precept authorities continue to be exposed to the risk of additional growth and the cost of non-collection from those who are not eligible to a maximum 80% benefit.</p> <p>The Covid Pandemic led to an increase in the number of Local Council Tax Support claimants, because this forms part of the Council Tax base calculations it adversely impacted on the Council Tax Base in 2021/22. Whilst the level of claimants is reducing it is not back to pre-pandemic levels, therefore the 2022/23 Council Tax base has not fully recovered.</p>

The MTFs assumes interest rates will remain low throughout 2022/23.</p> <p>The use of cash balances to support capital projects will reduce our balances to close to day to day working capital requirements.</p> <p>Estimates of future interest rates can be seen in the Councils Treasury Management Strategy.</p>
NNDR (Business Rates)	High	low	<p>Estimating the Council's share of income from business rates for 2022/23 remains a challenge, not only due to the Covid-19 pandemic but also due to the ongoing uncertainty on the timing and level of appeals.</p> <p>Therefore it is prudent to earmark the Business Rates Reserve to provide a degree of contingency should income fall below projected levels. This is important given the Council remains a member of the Lancashire Business Rates Pool and by virtue of this does not benefit from any safety net protection under the current scheme of business rates retention. The Covid pandemic itself along with the reliefs given by Government as a result, combined to reduce the Council's 2020/21 pooling gain to c£92k from previous highs of up to £1m.</p> <p>Covid-19 has continued to have a significant impact on our 2021/22 business rates income, however actual income from business rates will not be finalised until after the end of the financial year.</p>

New Homes Bonus	Medium	High	<p>2018/19 was the final year for the 4 year NHB funding. There has been no similar replacement scheme. Funds due for 2022/23 are as per the Government's Finance Settlement.</p> <p>There is an increased risk as to the value of the replacement scheme for 2023/24 and future years. The details of which have yet to be announced.</p>
Housing	High	High	<p>During 2021/22 the Council has continued to face a significant capacity challenge as it continues to work through the Empty Homes Scheme.</p> <p>The Council is currently facing several legal claims and challenges.</p>
Current Economic Outlook	High	High	<p>Covid-19 has had a significant impact on the economic outlook, and to a certain extent as we are still in the middle of the pandemic the future is still very uncertain. Coupled with that is the ongoing impacts of Brexit.</p> <p>The Councils Treasury Management advisors are predicting that inflation will peak at c6%, however whilst interest rates are likely to increase they will remain relatively low throughout 2022/23.</p>
Use of Transitional Reserves	High	High	<p>The Council will continue to grow when and where possible this reserve in order to support and balance future in year budget deficits.</p> <p>2022/23 will require the use of £56k from the Transitional Reserve.</p> <p>The forecast balance for 31/03/22 is c£2.78m.</p>
Level of Council Tax	High	High	This is the Council's most significant income source.

			<p>As a district Council, Rossendale is able to increase its CTax by a maximum of 2% or £5 (whichever is the higher) in order to avoid the risk of a referendum. Each 1% increase is worth c£55k cumulative resources for each year</p> <p>With NHB coming to an end and share of future NNDR uncertain, the decision on the level of Council tax is fundamental to the Council's medium term resources, future financial planning and ability to set a legally balanced budget,</p>

5. Adequacy of Reserves

Having conducted a review of the Council's requirement for the minimum working balance, taking into consideration various matters including:-

- the Council's spending plans for 2022/23 and the medium term financial position;
- adequacy of estimates of inflation, interest rates;
- treatment of demand led pressures;
- impact of external partnerships;
- the need to respond to emergencies.
- Capital programme variations.

I can confirm that an amount of £1.0m set aside in the General Reserve is considered adequate for this purpose. £1m equates to c3% of the Council's gross expenditure.

In relation to other financial reserves, a review has also been conducted to determine their adequacy. In addition to the matters referred to above, and taking into account the Medium Term Financial Plan, the review concluded that the level of such reserves is adequate based on current information in relation to anticipated risk, existing commitments and known future plans. That said, should there be a significant call on those reserves another review will need to be carried out.

However, it is important to note the proposed usage of reserves to support the General Fund Revenue Budget is not sustainable over the medium term without the need to align expenditure more closely with ongoing resources.

In particular, during the lifetime of the current Medium Term Financial Plan, it is projected that the entirety of the Transitional Reserve will be used. By that time, the Council will have had to take the necessary action to balance expenditure with ongoing resources. This statement is made on the understanding that any use of reserves and

balances is undertaken in accordance with the Council's existing Financial Procedure Rules and that a further review of reserves and balances will be undertaken in September 2022 following the preparation of the Council's accounts for 2021/22.

The table below sets out the opening balances at 31/03/2021 of the Council's revenue reserves, planned usage during the year and the estimated balances at 31/03/2022.

6. Financial Assurance Statement

The Council must set a balanced budget each year. As the Council's designated Finance Officer, I have a legal duty to report to Full Council in February 2022 on the robustness of the Council's budget and the adequacy of reserves.

I have considered the major items of expenditure and income and their sensitivity to change, together with the budget proposals and assessed the impact on the Council's future forecasts and level of reserves. It is my opinion that the estimates have been prepared and reviewed utilising the most up to date and accurate information available and that all assumptions made are reasonable in the current uncertain economic climate.

I can confirm the recommendations contained in this report will provide the Council with a robust financial position in 2022/23.

I am of the view that the Council is pursuing a sound financial strategy in the context of the challenging financial position. However there is still a significant level of uncertainty from the major risks, e.g. the ongoing Covid pandemic, impact of Brexit and the implementation of the proposed revised Fair Funding Review from April 2023 onwards. Also the uncertainty as to when a Business Rates reset will be implemented. Combined with this is the projected scale of savings required by the Council to ensure a balanced budget in future years which means I cannot comment on the robustness of the estimates beyond 2022/23.

7. Therefore, in conclusion for 2022/23, being the current year ahead, I am able to give positive assurance to Members as to:

3 Council Tax Base

- 3.1 That it is noted that The Head of Finance calculated the following amounts for the year 2022-23 for the whole area of the Borough **20,580** "D" Band equivalent units [Item T in the formula in Section 31B of the Local Government Finance Act 1992, as amended by the Localism Act 2011]
- 3.2 For that part of the Council's area being Whitworth Parish, the amount of **2,171** "D" Band equivalent units, being the amounts calculated by the Council in accordance with Regulation 6 of the Regulations, as the amounts of its Council Tax for the year for dwellings in that part of its area to which the Special Items relate.

4 Council Tax Declaration

The Council is recommended to resolve as follows:-

- 4.1 Calculate that the Council Tax Requirement for the Council's own purposes for 2022/23 (excluding Parish precepts) is £ 5,984,664;
- 4.2 That the following amounts be calculated for the year 2022/23 in accordance with Sections 31 to 36 of the Local Government Finance Act 1992:-
- (a) **£30,752,058** Being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(2) of the Act

taking into account all precepts issued to it by Parish Councils.

- (b) **£24,709,086** Being the aggregate of the amounts which the Council estimates for the items set out in Section 31A(3) of the Act.
- (c) **£6,042,999** Being the amount by which the aggregate at 4.2(a) above exceeds the aggregate at 4.2(b) above, calculated by the Council, in accordance with Section 31A(4) of the Act, as its Council Tax requirement for the year. (Item R in the formula in Section 31B of the Act).
- (d) **£293.63** Being the amount at 4.2(a) above less the amount at 4.2(b) above, divided by the amount at 3.1 above, calculated by the Council, in accordance with Section 31(B) of the Act, as the basic amount of its Council Tax for the year (including Parish precepts).
- (e) **£58,335** Being the aggregate amounts of all special items (Parish precepts) referred to in Section 34(1) of the Act.
- (f) **£290.80** Being the amount at 4.2(d) above less the result given by dividing the amount at 3(e) above by Item T (1(a) above), calculated by the Council, in accordance with Section 34(2) of the Act, as the basic amount of its Council tax for the year for dwellings in those parts of its area to which no Parish precept relates.
- (g) **£317.67** for part of the Council's area, Parish of Whitworth, being the amounts given by adding to the amount at 4.2(f) above the amounts of the special item or items relating to dwellings in those parts of the Council's area mentioned above divided in each case by the amount at 3.2 above, calculated by the Council, in accordance with Section 34(3) of the Act, as the basic amounts of its Council Tax for the year for dwellings in those parts of its area to which one or more special items relate.
- (h) Being the amounts shown below that are given by multiplying the amounts at 4.2(f) and 4.2(g) above by the number which, in the proportion set out in Section 5(1) of the Act, is applicable to dwellings listed in a particular valuation band divided to dwellings listed in valuation band D, calculated by the Council, in accordance with Section 36(1) of the Act, as the amounts to be taken into account

for the year in respect of categories of dwellings listed in different valuation bands.

5 To determine in accordance with Section 52ZB of the Local Government Finance Act 1992 that the Council's basic amount of Council Tax for 2022/23 is not excessive in accordance with principles determined by the Secretary of State under Section 52ZC. As the billing authority, the Council has not been notified by a major precepting authority that its relevant basic amount of Council Tax for 2022/23 is excessive and therefore the billing authority is not required to hold a referendum in accordance with section 52ZK of the Local Government Finance Act 1992.

6 Council Tax

Collection - That the Head of Customer Services and e-Government, officers and partners be authorised to take all necessary steps to ensure collection and recovery of the Council Tax and National Non-Domestic Rates (NNDR).

7 NNDR1

In accordance with Section 59A of The Local Government Finance Act 1988, as amended by The Local Government Finance Act 2012, the report informs members of the calculations carried out in estimating the level of National Non-Domestic Rates (the business rates tax base) the Council anticipates collecting in 2022-23. The business rates tax base, reported in the NNDR1 submission to the Department for Communities and Local Government (DCLG), is noted as £11,291,398 (Part 1a, line 11).

That estimated amounts due from each authority in relation to NNDR collection fund for 2021-22 are noted:
