MINUTES OF: OVERVIEW AND SCRUTINY COMMITTEE

Date of Meeting: 13th November 2023

Present: Councillor S.Barnes (Chair)
Councillors D.Ashworth, Foxcroft, Gill (sub), Kenyon, Norton, Procter (sub), Rooke, Thompson, Whitehead and Co-opted Member J. Heaton.

In attendance: Clare Law, Head of People and Policy
Kelly Jenkinson, Housing Renewal Manager
David Smurthwaite, Director of Economic Development
Carolyn Sharples, Committee and Member Services Manager

Also Present: Councillors Ashworth, Lythgoe and MacNae
1 member of the public

1. Apologies for Absence

Apologies for absence were submitted from Councillor Coogan (Councillor Procter subbing) and Councillor McMahon (Councillor Gill subbing).

2. Minutes

Resolved:

That the minutes of the meeting on 25th September 2023 be approved as a correct record.

3. Declarations of Interest

There were no declarations of interest.

4. Urgent Items of Business

There were no urgent items of business.

5. Question Time

There were no public questions.

6. Chair's Update

6.1 Two briefing notes had been circulated to committee members to provide an annual update on the Health and Well Being Plan and the Customer & Digital Strategy. Any questions relating to the updates were to be directed to the officers detailed on the briefing updates.

6.2 Since the committee last met, Cabinet had approved an amended Communications Strategy 2023-25, following the recommendations made by the Overview and Scrutiny Committee.

ORDINARY BUSINESS

N.B. Councillor Thompson entered the meeting.

7. Disabled Facilities Grant Policy Review

7.1 The Housing Renewal Manager informed members of the Disabled Facilities Grant Policy Review.

- 7.2 In response to members' questions the following clarification was given:
- There had been 68 grants, 58 of which were for under £10k and included, for example, stair lifts, hoists, fencing, ramps, intercoms.
 - £10-30k was the maximum for mandatory grants and included, for example, showers, garage conversions, kitchen alterations.
 - Over £30k grants mainly related to multiple adaptations.
 - Anything over £10k had a local land charge placed against the property and it was at the Council's discretion as to whether the grant was required to be paid back, depending on circumstances. This was looked at on a case by case basis.
 - The Changing Places WC followed an enquiry by the Economic Development Team, advice has been fed back regarding the funding options for this.
 - Handypersons grant could apply again at a later date. Anyone elderly or vulnerable could apply if they provided the materials.
 - At 4.1 there was a grant of £65k that was an in depth paediatric case. The maximum grant previously issued was £44k.
 - Regarding publicity, GP surgeries had agreed to put posters in the surgeries and leaflets would be going to Age Concern, Citizen's Advice and the AB&D Centre outlining the service offer. They had also spoke to the dementia nurses at Bacup who would relay information to the rest of the borough. It would also go on social media.

The Lead Member for Communities, Health and Wellbeing was delighted to see the policy and encouraged publicity. The Chair noted it was a really good piece of work and thanked everyone who had worked on it.

Resolved:

The Overview and Scrutiny Committee considered the Disabled Facilities Grant Policy Review and recommended Cabinet approval as detailed in the report.

N.B. Councillor Norton entered the meeting.

8. Quarter 2 Performance Management Report (July, August & September) 2023/24

8.1 The Head of People and Policy updated members on the Quarter 2 Performance Management Report (July, August & September) 2023/24. It was clarified that 6 employees has left the authority during this quarter, 11 employees cumulative for the year so far.

8.2 In response to members' questions the following clarification was given:

- When someone informed they were leaving the authority their line manager would have a conversation with them to discuss it. An Exit Interview Form was also completed. The form had been reviewed and this was now completed by HR to consider if there were any trends to staff leaving.
- As the authority was small, there was limited opportunity for progression. It was also difficult to compete with salaries elsewhere.
- The Council had been working more flexibly since 2021 and more changes were about to be made, such as removing the cap on the number of daily homeworking hours.
- Staff also had the opportunity to progress to management after doing courses such as ILM, if suitable posts became available.
- Where missed bins were reported, the back office system was being changed so they could look at live data and contact crews directly to pick up missed bins.
- The 50% target for recycling was a target of the Climate Change Agenda and was aspirational at the time.

- The Council was continuing to focus on localised campaigns which by their nature would be small with gradual impact.
- In line with local colleagues in Lancashire the Council was aiming to introduce food waste collections in 2025/26, subject to national legislation, which would deliver a significant increase in recycling rates.
- The Council would be engaging with members and other stakeholders to consider resizing residual waste bins or reducing collections to 3 weekly, which would also have an impact.
- It was important to compare collection rates with similar authorities with similar collection issues.
- The Head of Operations would be asked to attend for the next quarterly report update to provide more clarity.
- Sweeping rates had been impacted by staff vacancies and sickness. The Council had successfully recruited to 2 vacant posts and were confident in achieving the targets in the next quarter.
- In relation to the complaint letters, the issue had been resolved with the customer, but the closing letter had not been sent at the same time. It has been stressed to the staff members concerned the importance of sending the closing letter within the 10 day target.
- With member enquiries, the Council was measuring the right thing but the process of answering the enquiry was being revisited where the subject matter was complex or required a full investigation.
- Once a matter was allocated to an officer for investigation, the officer should outline the proposed action to the member within the agreed timescales and then the enquiry should be closed down on the system. The officer should then keep the member informed until the investigation is concluded.
- Cabinet had responsibility for monitoring financial performance. All members had access to the financial monitoring reports and were able to scrutinise. The Overview and Scrutiny Committee could ask questions about the reports and could also attend the Cabinet meetings to ask any questions they had on the monitoring reports.
- The Leisure Working Group considered the committee's recommendation in relation to the letter of assurance on 16th October and balanced this with the best interests of the Council. The group agreed in principle to issue the letter of support. The draft letter was circulated to members of the group and they were asked to respond by close of play the following day. Of those that confirmed, the response was unanimous. The letter of comfort purely reflected what was agreed by Council in May 2023.
- The key tools of the planning authority was to provide sufficient land within the Local Plan and maintain the 5 year land supply. At the end of 2023 more dwellings were built than the annual target. Usually housing completions took place after the New Year so the Council should see an increase.
- The Council was working with developers to achieve solutions to their planning proposals and discharging conditions as well as with Homes England to build better relations to allow support for larger sites and in particular brownfield sites.
- There was enough houses in construction to meet the target and developers had indicated it was still achievable.
- This was historically an annual target, but members had requested quarterly reporting.
- A sample of sites under development would be requested for inclusion in the next report.

- Council Tax new claims had slightly worsened due to a system reporting error. This was affecting all authorities that use NEC system for processing. This was ongoing and likely to impact Q3 reporting, but was currently under investigation.
- The Risk Management Matrix was in the Risk Management Strategy which was currently being updated. The risk matrix was a key tool used to analyse the probability and impact of a risk. Going forward the matrix would be included in the report for completeness to help understand the level of risk.

Thanks was given for including example of compliments in the report.

The Lead Member for Communities, Health and Wellbeing agreed to follow up the issue with the Council Tax claims system error at the next Capita Board meeting.

Resolved:

The Overview and Scrutiny Committee noted the update on the performance of the Council and made the following recommendations:

- For the Head of Operations to attend when the next quarterly report is presented to provide further clarity on member questions, particularly in relation to the next steps to improve recycled waste following the recent campaign.
- To provide examples in the next report of sites under development in relation to the new homes performance indicator.

N.B. Councillor Rooke left the meeting.

9. The Forward Plan

9.1 Members were updated on the Forward Plan and Overview and Scrutiny Work Programme for January and member were asked for advance questions in relation to the annual crime update. Members suggested the following:

- Anti-social behaviour and dirt trial bikes
- Cars parked on pavements creating obstructions and restricting accessibility.

Resolved:

The Forward Plan and Overview and Scrutiny Work Programme items were noted.

(The meeting commenced at 6.30pm and concluded at 7.30pm)

Signed.....
(Chair)

1. RECOMMENDATION(S)

- 1.1 That Overview and Scrutiny consider the draft Retention and Disposal Policy and its related schedule and make recommendations to Cabinet.

2. EXECUTIVE SUMMARY

The Retention and Disposal Policy and related schedule has been refreshed and aims to:

- Set out limits for the retention of personal data and to ensure that those limits, as well as further data subject rights to erasure, are complied with;
- Ensure that the Council complies fully with its obligations and the rights of data subjects under Data Protection Legislation;
- Ensure that excessive amounts of data are not retained by the Council and to improve the speed and efficiency of managing data.

3. BACKGROUND

- 3.1 The Local Government Act 1972, requires local authorities to have “proper arrangements in place” to deal with Council records. Rossendale Borough Council is fully committed to ensure compliance with the objectives and obligations of the General Data Protection Regulation 2016 (GDPR) and the Data Protection Act 2018 (DPA). The legislation regulates the way in which personal information about individuals, whether held on computer or in a manual filing system, is obtained, stored, used and disclosed. The legislation grants rights to individuals to see the data stored about them, to require modification of the data if it is wrong and, in certain cases, to compensation. The provisions amount to a right of privacy for the individual.
- 3.2 The Council’s current Retention and Disposal Policy has been in place for several years (Appendix 1), however, as technology has developed, legislation has changed, and the areas of work undertaken by the Council have grown, it has become necessary to review the Records Retention and Disposal Policy, to ensure that it remains fit for purpose and complies with legislative requirements. The updated Retention and Disposal Policy is appended at Appendix 2.
- 3.3 The Council should define its procedures for the disposal and destruction of information. This should include, but not be limited to, identification and authorisation procedures and the roles and responsibilities of members of staff and third parties.

4. DETAILS

- 4.1 The Council recognises that its records are an important public asset and are a key resource to accountability and effective operation. The revised policy ensures that the Council is able to minimise data retention where possible and assists in setting out procedures to determine how and when to dispose of personal data. Additionally, having a well-managed and enforced data retention policy in place can help to reduce the amount of excessive, and often redundant, information stored on the Council's servers.
- 4.2 The revised policy sets out where and how personal data is held, provides a brief overview of Data subjects' key rights under data retention, and a summarised overview of the various technical and organisational protection measures that the Council should enforce under data retention. It also sets out the roles and responsibilities for ensuring that data retention periods are enforced.
- 4.3 This policy governs and ensures compliance with the newly drafted Rossendale Borough Council's Data Retention Schedule. The revised retention schedule layout combines all Service Retention periods which were previously captured in separate schedules and policies and includes a requirement to set out what action is taken after the retention period has ended. These actions are either to destroy, anonymise or archive under certain conditions. The revised schedule layout, with inclusion of set actions, should aid in the enforcement of retention periods and satisfies the audit requirement to identify and record information that is archived by the Council.
- 4.4 The review of the Retention and Disposal Policy has been undertaken in consultation with service managers across all departments to ensure that all work streams are incorporated. In addition, the review has been undertaken to reflect requirements in the GDPR and DPA which require that records containing personal data are not kept longer than necessary for their lawful purpose.
- 4.5 It is proposed that any future minor amends will be delegated to the Data Protection Officer in consultation with Lead Member. Light touch reviews will continue as necessary with any further major changes being reported back to Cabinet.

5. RISK

All the issues raised and the recommendation(s) in this report involve risk considerations as set out below:

- Failing to comply with the storage limitation and closely related data minimisation and accuracy principles can lead to substantial fines that would have a high impact on the Council.
- There may be additional reputational implications if the Information Commissioner's Office were to investigate the council following a failure to comply with UK GDPR principles regardless of the final decision.

6. FINANCE

There are no direct financial implications arising out of this report.

7. LEGAL

The Council is under an obligation to ensure it complies with UK data protection law, and the adoption of this policy strengthens the Council's compliance with the relevant data protection legislation.

Records Retention and Disposal is key to good information governance. Providing clear timescales to staff and customers as to how long their data and other Council information is held ensures compliance with relevant legislation including the GDPR, DPA, FOIA and EIR. A policy setting out appropriate timescales and legal justification for retention periods, is necessary to demonstrate compliance with legislation, and reduces the risk of legal challenge, from information being held unlawfully.

8. POLICY AND EQUALITIES IMPLICATIONS

The amended policy has been prepared in consultation with all service area managers and Corporate Management Team. There are no equality implication arising out of this report.

9. REASON FOR DECISION

The adoption of this updated policy will further enhance the Council's compliance with the UK GDPR and Data Protection Legislation and ensure compliance with all relevant legislation.

Amended Policy	Attached as Appendix 2

RETENTION & DISPOSAL SCHEDULE GUIDELINES

1. Scope of the Guidelines

- 1.1.1 These guidelines and Retention and Disposal Schedule are intended to support the Council in the areas of Data Protection, Freedom of Information and the Local Government Act. They are based on the Records Management Society for Great Britain criteria, and by complying with statutory requirements and local practices.
- 1.1.2 The Guidelines are intended to cover the continuum of records and information from creation through to destruction or for retention for historical or research purposes.
- 1.1.3 Records sentenced for destruction under the Guidelines may be destroyed in accordance with the provisions of the Guidelines. Backup copies stored on alternative media (server/microfilm/paper) should also be destroyed. This is vital to ensure compliance with the requirements of Data Protection and Freedom of Information legislation.
- 1.1.4 The local authority or the agency acting for it should hold notification of the records destroyed in accordance with the Guidelines on its behalf. *See Section 2.10 of the disposal schedule for how long these should be kept.*
- 1.1.5 Records for permanent preservation should be passed to the local Record Office (*refer to Records Management Manual*)

1.2.0 Limitation of Scope

- 1.2.1 These guidelines should only be used for the disposal of common functions and housekeeping records.

1.3.0. Objectives of the Retention Guidelines

The aims of the Guidelines are to:

- Assist in identifying records that may be worth preserving permanently as part of a local authority's archives.
- Prevent the premature destruction of records that need to be retained for a specified period to satisfy legal, financial and other requirements of public administration.
- Provide consistency for the destruction of those records not required permanently after specified periods.
- Help to improve Records Management practices within the Council.

1.4.0. Transfer of Records to County Records or Storage

- 1.4.1 Records **no longer required for administrative use** may still retain sensitive information. Your Records Manager should be informed of sensitivity at the time of transfer of the material to storage, and an appropriate closure period

agreed. The closure period should comply with Freedom of Information legislation and the authority's policy.

- 1.4.2 The Data Protection Act provides an exemption for information about identifiable living individuals that is held for research, statistical or historical purposes to be held indefinitely, provided specific requirements are met. It is the responsibility of the Records Manager to ensure that this is so.
- 1.4.3 Divisions wishing to transfer permanent records to archival custody should contact the Archivist/Local History Officer at the County Record Office/Archive for further information on transfer procedures. The identification of classes of records here as suitable for archives are for guidance only.
- 1.4.4 Records identified in this schedule as '**permanent**' are marked '**Offer to Archivist**'. The Archivist may choose to select a sample of the records for permanent preservation in the archives; the remainder should be destroyed as specified in the Guidelines. The sample may be random, selective or purposeful.
- 1.4.5 '**Offer to Archivist for review**' is used to indicate record classes where the Archivist will not usually be interested in retaining the class of records, but may wish to retain those concerning high profile or controversial policies/projects.

1.5.0 Enactment of Standard

- 1.5.1 As there is no legal basis for enforcement and support of these Guidelines the Council needs to ensure that the actions shown in the Guidelines are ratified internally.
- 1.5.2 This Retention and Disposal Schedule has been authorised and approved by Full Council on 16th December 2004 and an updated Version has been adopted by Cabinet on 25th November 2009.

1.6.0 Destruction of Records

- 1.6.1 **Whenever there is the possibility of litigation, the records and information that are likely to be affected should not be amended or disposed of until the threat of litigation has been removed.**
- 1.6.2 *When records identified for disposal in the Guidelines are destroyed, a register of such records needs to be kept. For records not covered by the Guidelines contact Legal Services, Audit or suitable experienced sources for further advice.*
- 1.6.3 *It is not sufficient to document that a quantity of records had been destroyed on a certain date. Enough details should be retained to identify which records have been destroyed.*
- 1.6.4 *Unless otherwise stated, paper documents are disposed of as follows:-*

Confidential documents are shredded and there is a confidential waste collection.

Public documents which do not contain confidential information are disposed of by way of a normal waste collection.

Paper documents should be recycled wherever possible.

1.7.0 Standard Operating Procedure (SOP)

- 1.7.1 There are some records that do not need to be kept at all; Standard Operating Procedure defines types of records which staff may routinely destroy in the normal course of business. However, the retention and disposal schedule may contain reference and instructions referring to them.
- 1.7.2 SOP usually applies to information that is duplicated, unimportant or only of short-term facilitative value. Unimportant records or information for example 'with compliments' slips, trivial e-mail, working papers which lead to a final report
- 1.7.3 Duplicated and superseded material such, drafts, forms, address books may be destroyed under SOP. Electronic copies of documents where a hard copy has been printed and filed.
- 1.7.4 SOP should not be applied to records or information that can be used as evidence — to prove that something happened. If you are in doubt about what information is required consult with your legal unit.

1.8.0 Reviewing the Schedule

- 1.8.1 This Guideline prescribes minimum and permanent retention periods and will be reviewed at regular intervals.

Part 2. Explanation of Retention Guidelines Headings

These Retention Guidelines are divided into sections of administrative functions that are commonly undertaken by local government.

2.1.0 Reference number

2.1.1 The function or entry reference number provides citation and ease of reference.

2.2.0 Function

2.2.1 The name of each function is specified in this entry. This relates to a group of records that perform the same activity.

2.3.0 Function Description

2.3.1 The Schedule provides notes that define each function in terms of related activities.

2.3.2 The Schedule may also include instructions or guidelines relating to weeding, sampling disposition provisions, information on duplication of record content in other classes and cross-references to other entries within the Schedule.

2.4.0 Retention Period

2.4.1 This entry provides the archival status of each process being either permanent or temporary. In relation to the temporary status of records the entry also provides a retention period or sentence specifying how long the records should be kept prior to destruction and the activity, transaction or event to which the retention period or sentence should be tied.

2.5.0 Examples of Records

2.5.1 This section provides common examples of the type of records included within the particular function. This list is not exhaustive and it is expected there will be additions and changes to the Schedule as the Council advances its records structure.

2.6.0 Reason/Notes

2.6.1 This indicates if the retention action is common practice or statutory.

2.7.0 Glossary of terms

- **Administrative Use.** When business use has been ended or the file has been closed.
- **Closure.** ‘ Destroy ‘x’ years from closure ‘. A record/file is closed when it ceases to be active. After closure, no new papers/information should be added to the record.
- **Closure period.** Specified period of time during which the record is subject to restrictions on provision of access to staff and/or the public may be dictated by statutory requirements or by the authority’s policy. Any closure period should comply with current legislation on access to

local government information - including the Data Protection and Freedom of Information Acts.

- **Common practice.** Standard practice followed by those local authority records managers who are members of the Records Management Society.
- **Last action.** ' Destroy 'x' years after last action'. Date of most recent amendment! addition / deletion of information.
- **Permanent.** Records which must be kept indefinitely [or for approximately 100 years] for legal and/or administrative purposes, and/or are of enduring value for historical research purposes and so suitable for transfer to the authority's archive or place of deposit.
- **Place of deposit.** Usually in the Council's file storage places as determined by each department.

RETENTION AND DISPOSAL SCHEDULE

Approved by Council on 16th December 2004

Version 2 – Adopted by Cabinet on 25th November 2009.

RETENTION & DISPOSAL GUIDELINES

1. Introduction

Rosendale Borough Council is fully committed to ensure compliance with the objectives and obligations of the General Data Protection Regulation 2016 (GDPR) and the Data Protection Act 2018 (DPA).

The processing of data by the Council is essential to services and functions and will often involve the use of personal and special category data. Compliance with the data protection legislation will ensure that such processing is carried out fairly and lawfully.

The legislation regulates the way in which personal information about individuals, whether held on computer or in a manual filing system, is obtained, stored, used and disclosed. The legislation grants rights to individuals to see the data stored about them, to require modification of the data if it is wrong and, in certain cases, to compensation. The provisions amount to a right of privacy for the individual.

The purpose of this policy is to provide guidance to ensure that there are effective and efficient processes in place in the way the Council handles and disposes of information.

This policy has been authorised by the Council's Senior Leadership Team and the Data Protection Officer.

2. Scope of this Policy

2.1.0 These Retention Guidelines have been issued to support local authorities in the areas of the UK General Data Protection Regulations (UK GDPR) Data Protection Act 2018, Freedom of Information Act 2000 and the Local Government Act 2003. It has been issued by the Records Management Society of Great Britain after consultation with a number of local government authorities, their agencies and other experts in the field.

2.1.1 The Guidelines were developed to reflect an understanding of the administrative processes that give rise to record creation. This is intended to make the Guidelines independent of any particular format of record that might be historically created (e.g. card, register) or media (e.g. paper, electronic) and prolong the Guidelines' period of application.

- 2.1.2 The Guidelines are intended to cover the continuum of records and information from creation through to destruction or for retention for historical or research purposes.
- 2.1.3 Records sentenced for destruction under the Guidelines may be destroyed in accordance with the provisions of the Guidelines. Backup copies stored on alternative media (server/microfilm/paper) should also be destroyed. This is vital to ensure compliance with the requirements of UK GDPR / Data Protection (specifically GDPR Article 5 (1) (e) and Freedom of Information legislation. (FOI Code of Practice – Section 46)
- 2.1.4 The local authority or the agency acting for it should hold notification of the records destroyed in accordance with the Guidelines on its behalf. See Section 2.12 for how long these should be kept.
- 2.1.5 Records for permanent preservation should be passed to the local authority's Archivist or its agency's place of deposit. In most cases this will be the appropriate local Record Office.

3. Transfer of Records to County Records or Storage

Records identified in the schedule as 'permanent' are marked 'Offer to Archivist'. The Archivist may choose to select a sample of the records for permanent preservation in the archives; the remainder should be destroyed as specified in the Guidelines. The sample may be random, selective or purposeful.

'Offer to Archivist for review' is used to indicate record classes where the Archivist will not usually be interested in retaining the class of records, but may wish to retain those concerning high profile or controversial policies/projects.

Records no longer required for administrative use may still retain sensitive information. The Archivist should be informed of sensitivity at the time of transfer of the material to the archives and an appropriate closure period agreed. The closure period should comply with Freedom of Information legislation and the authority's policy.

As there is no legal basis for the enforcement and support of these Guidelines, each local authority needs to ensure that the actions shown in the Guidelines are ratified internally within the local authority or its agency.

Ratification can be achieved by obtaining signatures of the Chief Executive and or Internal Audit

4. Litigation and Limitation of Scope

Whenever there is the possibility of litigation, the records and information that are likely to be affected should not be amended or disposed of until the threat of litigation has been removed.

Records that are the subject of Freedom of Information, Data Protection, Environmental Information Regulations etc official request or appeal, must not be destroyed until that request or appeal has been completed. To knowingly destroy a record when it is subject to a request/complaint is an offence.

The Limitations Act 1980 specifies time limits for commencing litigation. These Guidelines should only be used by local authorities for the disposal of common functional and housekeeping records as described in the Guidelines. It should be taken as a baseline for each authority to interpret and apply appropriately in accordance with local practice. These Guidelines are not intended to cover school records; however, the majority of school administration records can be sentenced under these Guidelines.

5. Destruction of Records

When records identified for disposal in the Guidelines are destroyed, a register of such records needs to be kept. For records not covered by the Guidelines, contact your record management service, legal department or suitable experienced sources for further advice.

It is not sufficient to document that a quantity of records had been destroyed on a certain date. Enough details should be retained to identify which records have been destroyed.

Unless otherwise stated, paper documents are disposed of as follows:-

- Confidential documents are to be shredded or removed using a confidential waste collection.
- Public documents which do not contain confidential information are disposed of using the paper recycling bins.

Contact the Legal Governance department on 01442 228538 for more details.

6. Standard Operating Procedure

There are some records that do not need to be kept at all. Standard Operating Procedure (SOP) defines types of records which staff may routinely destroy in the normal course of business. However, the retention and disposal schedule may contain reference and instructions referring to them.

SOP usually applies to information that is duplicated, unimportant or only of short-term facilitative value. Unimportant records or information will include the following:

- 'with compliments' slips
- catalogues and trade journals
- telephone message slips
- non-acceptance of invitations
- trivial electronic mail messages or notes that are not related to agency business
- requests for stock information such as maps or plans
- advertising material
- out of date distribution lists
- working papers which lead to a final report

Duplicated and superseded material such as stationery, manuals, drafts, forms, address books and reference copies of annual reports may be destroyed under SOP. Electronic copies of documents where a hard copy has been printed and filed, and thermal paper facsimiles after making and filing a photocopy, are also covered.

SOP should not be applied to records or information that can be used as evidence – to prove that something happened. If you are in doubt about what information is required consult with your legal unit.

All of these may be destroyed by standard operating procedure that should be part of any ISO 9000 (Quality Management) system if applicable.

7. Responsibility

The Senior Leadership Team

The Council's Senior Leadership Team is responsible for approval of this policy. The team is also responsible for approving and overseeing all information security related projects and initiatives.

Managers and Team Leaders

Managers and team leaders are responsible for ensuring: -

- record retention policies are implemented in their team
- record keeping systems and arrangement of records enable identification of records due for disposal
- records due for disposal are routinely identified and reviewed to ensure they are no longer required
- staff dispose of records only in accordance with policies set out in this policy
- records are disposed of appropriately considering their sensitivity, security classification and the media and format(s) in which they are held
- records of potential historic interest or research value are identified and transferred with agreement to the local Record Office
- evidence of the disposal process is kept

All Staff

Everyone is responsible for:

- following procedures and guidance for managing, retaining and disposing of records
- only disposing of records in accordance with the requirements outlined in this policy (if authorised to do so)
- ensuring that any proposed divergence from records retention and disposal policies is authorised by the senior management team

8. Reviewing the Schedule

This Retention and Disposal Schedule has been authorised and approved by Full Council on . An updated Version has been adopted by Cabinet on and again on

This Guideline prescribes minimum and permanent retention periods and will be reviewed at regular intervals.

Explanation of Retention and Disposal Schedule Headings

The Retention and Disposal Schedule below is divided into sections of administrative functions that are commonly undertaken by local government.

1. Reference number

The function or entry reference number provides citation and ease of reference.

2. Function Description

The name of each function is specified in this entry. This relates to a group of records that perform the same activity.

The Schedule provides notes that define each function in terms of related activities.

The Schedule may also include instructions or guidelines relating to weeding, sampling disposition provisions, information on duplication of record content in other classes and cross-references to other entries within the Schedule.

3. Retention Period

This entry provides the archival status of each process being either permanent or temporary. In relation to the temporary status of records the entry also provides a retention period or sentence specifying how long the records should be kept prior to destruction and the activity, transaction or event to which the retention period or sentence should be tied.

4. Examples of Records

This section provides common examples of the type of records included within the particular function. This list is not exhaustive and Local Authorities should feel free to annotate their copy of the Schedule with local names of the examples listed if required.

5. Reason

This indicates if the retention action is common practice or statutory.

Glossary of terms

- **Administrative Use:** When business use has been ended or the file has been closed.
- **Closure:** ‘ Destroy ‘x’ years from closure ‘. A record/file is closed when it ceases to be active. After closure, no new papers/information should be added to the record.
- **Closure period:** Specified period of time during which the record is subject to restrictions on provision of access to staff and/or the public may be dictated by statutory requirements or by the authority’s policy. Any closure period should comply with current legislation on access to local government information - including the Data Protection and Freedom of Information Acts.
- **Common practice:** Standard practice followed by Local Authorities
- **Last action:** ‘ Destroy ‘x’ years after last action’. Date of most recent amendment / addition / deletion of information.
- **Permanent:** Records which must be kept indefinitely [or for approximately 100 years] for legal and/or administrative purposes, and/or are of enduring value for historical research purposes and so suitable for transfer to the authority’s archive or place of deposit.
- **Place of deposit:** Usually in the Council’s file storage places as determined by each department.

ROSSENDALE BOROUGH COUNCIL FORWARD PLAN

The Forward Plan sets out the details of the key decisions which the Cabinet or Officers expect to take. The Plan is updated 28 days prior to each Cabinet meeting and is available on the website. All items will be for publication, unless otherwise stated.

Publication dates for 2023/24 Municipal Year are as follows:

- 20th June 2023
- 19th September 2023
- 7th November 2023
- 9th January 2024
- 13th February 2024

Definition of a Key Decision

1. A Key Decision means an executive decision which is likely:
 - a) to result in the Council incurring expenditure which is, or the making of savings which are, significant having regard to the budget for the service or function to which the decision relates, or
 - b) to be significant in terms of its effects on communities living or working in an area comprising of two or more Wards in the Borough.
2. For the avoidance of doubt, the Council would regard any of the following as 'significant':
 - Any decision by the Cabinet in the course of developing proposals to the full Council to amend the policy framework.
 - Any single item of in-budget expenditure or savings in excess of £100,000.
 - Any decision which is likely to have a permanent or long term (more than 5 years) effect on the Council and the Borough.

Cabinet Membership

- Councillor Alyson Barnes – Leader of the Council and Lead Member for Economic Development
- Councillor Jackie Oakes – Deputy Leader of the Council and Lead Member for Resources and Customer Services
- Councillor Barbara Ashworth – Lead Member for Communities, Health and Wellbeing and Housing
- Councillor Adrian Lythgoe – Lead Member for Environment and Corporate Services
- Councillor Liz McInnes – Lead Member for Planning, Licensing, Enforcement

- Safeguarding
- Emergency Planning/Health and Safety
- Facilities Management

Anyone wishing to make representations about any of the matters listed in the Forward Plan, or obtain copies of the documents listed (subject to disclosure restrictions), may do so by contacting the relevant officer listed against each key decision.

Under the Access to Information Procedure rules set out in the Council's Constitution, a key decision may not be taken, unless:

- It is published in the Forward Plan
- 28 clear days have lapsed since the publication of the Forward Plan; and
- if the decision is to be taken at a meeting of the Cabinet, 5 clear days' notice of the meeting has been given

The law and the Council's Constitution provide an exception that allows urgent key decisions to be made, even though they have not been included in the Forward Plan. This is provided for in Rule 15 (General Exception) and Rule 16 (Special Urgency) of the Access to Information Procedure Rules.

The Forward Plan also contains details of significant decisions which will be considered by the Cabinet with recommendations to Full Council.

Copies of the following documents may be inspected at the Rossendale Borough Council Offices or accessed from the Council's website https://www.rossendale.gov.uk/info/210159/about_the_council/10526/how_decisions_are_made

- The Council's Constitution
- The Forward Plan
- Reports on the key decisions to be taken
- The minutes or decision notice for each key decision, which will normally be published 4 working days after having been made.

Members of the public are welcome to attend meetings of the Cabinet and the dates and times of the meetings are published on the Council's website www.rossendale.gov.uk/meetings or you may contact the Committee and Member Services Section on telephone number 01706 252422 or email democracy@rossendalebc.gov.uk for further details.
