DEAR SIRs.

With regards to the application for a licence to sell alcohol at School Street News agents. We would like to object because of:- Young people stood outside the premises or around that area. Litter eg. Discarded cans and bottles which would also be thrown into the road. Bad language and abuse to residents or people walking past. We have already had a problem with the "local pub" selling cheap drink and that causes a lot of noise and damage to property when they finally decide to go home.

We already have three outlets in the village and surely we do not need more.

Yours faithfully
