Re: Meal Machine

10/12/2009

Dear Sirs

I thank you for the opportunity to make comment with regards to The Meal Machine which stands on Market Street Whitworth.

On the couple of occasions I have used this new outlet, I have found the food excellent, the prices reasonable and service with a smile, which is getting rarer these days.

I notice that The Meal Machine has high standards of hygiene and the surrounding location as also benefited from it's presence by having the litter cleared by the operator.

I would hope that the effort put in is justly rewarded.

Yours truly,
