Date: 19th February 2010

For the attention of Licensing Unit

Dear Sir/Madam

Re: Application ST005
Location: Knowsley Park Way, Haslingden.
Scheme/Ref. No.: 004765.

A drawing indicating the proposed position of this catering trailer is not provided but based on the description given in the application I would comment as follows:-

- a. The proposed site is close to the junction with Knowsley Road and is the sole access to a number of units including Rossendale Transport (bus depot).
- b. There is no footpath on that side of the road.
- c. There is no constructed hardstanding.
- d. There is no approved or constructed access provided for the trailer to be safely towed onto or from the site.
- e. Customers would have to cross the road from between parked vehicles.
- f. Any vehicles stopping so that drivers could visit the trailer could cause an obstruction of the highway.

As a result of the above I would have to recommend refusal of the application.

Yours sincerely

David Harrison
Senior Engineer – Traffic and Development
