

AS LICENCE

To whom it may concern,

It has come to our knowledge that a late night licence has been applied on the corner of 28 Bury Road and Bocholt Way, Rawtenstall. If this is correct then we strongly oppose this. We as a community, who live here, have several reasons to oppose this. As listed below.

We already have a late opening takeaway- Mimis.

We were happy the Freddy's did not get late night permission to open late because of rowdy customers misbehaving.

If you look at the location of this property, it is on the **busiest junction** of Rawtenstall. It is right on the corner. So it will be hazardous to motorists, especially **late night** as people would be under the influence of **alcohol**. It is a very dangerous place for a takeaway.

Most of the time, we shop at Tesco's, late at night, due to it being quite. The last thing we want is drunk people misbehaving or fighting near the pedestrian traffic lights, situated near the premises.

There is also a safety issue. On the side of the premises there is an unsafe canal. 5 weeks ago, there was an incident where a drunken person fell into the canal and had to be pulled out by the Fire service. So please consider this safety issue aswell, before considering a late licence.

ON THE SIDE OF THE PREMISES THERE IS A GRASS VERGE LEADING TO THE CANAL WITH NO SAFETY WHATSOEVER. IT WOULD BE VERY DANGEROUS FOR A LATE NIGHT TAKEAWAY.

AS LISTED THE PREMISES IS LOCATED  
AT A VERY BUSY JUNCTION NEAR PEDESTRIAN  
LIGHTS WITH NO PARKING. IT WILL BE  
HAZAROUS TO MOTORISTS.
