

Appendix 3 – Endorsements

“STAN's lovely ladies gave us a talk on all the different services STAN provided and we watched a fire safety video which Mrs Stringfellow our Teaching Assistant found very useful.

“We had our picture taken for the Free Press and we all received a Goody Bag with lots of information for our parents to look at and hopefully they will visit STAN if they need to in the future. In school we are creating a display all about STAN for all our pupils and parents to see!”

From Year 5 & 6 pupils at Newchurch St Nicholas CofE Primary School

“STAN provides a great way to meet our service users. Whilst ‘ferrule fettling’ and offering falls prevention tips on STAN, I was amazed at the breadth of knowledge and information available immediately to help people with all sorts of issues; it was heartening to see people leaving STAN much more happy and informed than when they came”.

Yvonne Skellern–Foster – Falls Team Lead, Clitheroe Hospital

“STAN the Van is well used and the staff are friendly, professional and knowledgeable. The number of Whitworth residents using STAN is steadily increasing as its reputation grows. Whitworth Town Council has been impressed with this worthwhile initiative.

Karen Douglas – Town Clerk, Whitworth Parish Council

“The team on STAN work in partnership with us promoting Free Home Fire Safety Checks in some of our harder to reach communities. The STAN bus is a unique way of ensuring that these services become accessible to everyone”.

Trish Geirnaert, Acting Community Fire Safety Team Leader
