1. Overview

The main aims/objectives of this policy¹ are:
As part of the ongoing financial savings the Council must make, various options were considered within the Operations service area during 2012-13. In September 2013, Overview and Scrutiny recommended and was agreed at Cabinet that “...new area based refuse collection routes are implemented, to enable staff to deliver an average of 20 hours of litter picking/deep clean time in the area they are in on that day (one day per fortnight).”
This impact assessment considered the impact on protected equality groups as a result of implemented the agreed moved to area based working for refuse and recycling collection services.

The proposed area based working does not result in any change to service to residents, just the collection day as a result of area based zoned working for increased efficiency and more flexible staff.</p> <p>As stated in related documentation (see report background documents), following previous consultation on collection days, 88% of residents agreed that the Council should consider changing collection days in order to make the service more efficient.</p> <p>A robust communications plan is in place to support the implementation - including direct communications with all resident and trade waste properties.</p> <p>The Council's Assisted Bin Collection Policy remains in place for those that require additional support, as per the Council's equality duties.</p> <p>With the data available at the time of writing, no negative impact has been identified for any protected equality group as a result of moving to area based working.</p>	<input checked="" type="checkbox"/>
