

O&S – Riverside

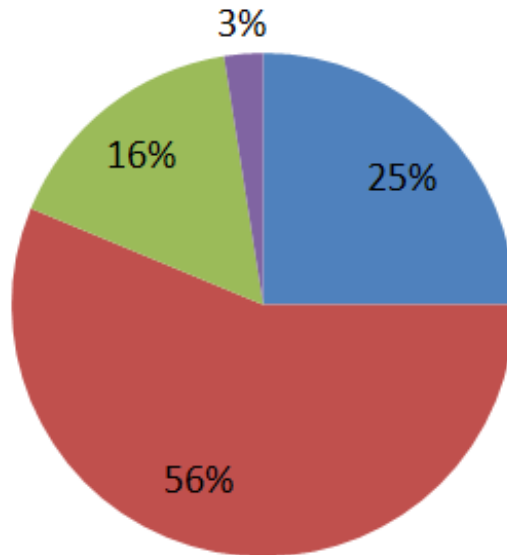

- This financial year – had a few functions with poor attendances/poor bar figures but on the whole we have seen an increase on customer spend
- Increase in weddings & our wedding packages for 2015/16
- Introduction of special offers for general bookings and also a special wedding package for 2015/16, as a door opener which led to several new bookings some of which upgraded to the full wedding package
- Invested in the purchase of our own spandex chair covers & due to the demand we are continuing to increase the number of colours and quantity available of our organza bows
- School Proms are still popular with the introduction of 2 new schools making our current bookings 5 for this coming financial year 2016/17
- New and improved till system will be installed before the end of this financial year.
