

Appendix 3: List of Submission Documents and Dates of Consultation Undertaken where after Regulation 19 Publication (23 August 2018)

(Response to Question 3)

The following table highlights those documents from the full list that were submitted for examination but were not publicly available at the Regulation 19 consultation stage (23/08/18 – 05/10/18):

Green - Documents that were not available at Reg. 19 but this would not have been possible as they are post-consultation related, are documents produced on a regular basis (e.g. AMR), were produced outside the Local Plan process (e.g. Economic Development Strategy) and / or they would have no bearing on possible consultation responses;

Yellow – Local Plan / Evidence Base documents that support the Local Plan but were not available at Reg. 19 stage;

Blue – Documents that have been produced for the purposes of the Examination e.g. soundness self-assessment or were sent to PINS only as they are not for publication.
