1. RECOMMENDATION(S)

- 1.1 That the Overview and Scrutiny Committee consider the levels of performance detailed in the report.
- 1.2 That the Overview and Scrutiny Committee considers to monitor performances of those Actions, Projects and Performance Indicators that are under-achieving targeted levels of performance and may wish to request further information upon this from the relevant Manager, re-convene the Performance Management Task and Finish Group or where appropriate to escalate underperformance concerns to Cabinet.

2. PURPOSE OF REPORT

- 2.1 The purpose of this report is to inform Overview and Scrutiny Committee:
 - An overview of performance in Quarter 3 (October – December 2019).
 - The Quarter 3 Performance Report is attached as Appendix 1.

3. CORPORATE PRIORITIES

- 3.1 The matters discussed in this report impact directly on the following corporate priorities:
 - **Priority 1 – A clean and green Rossendale** - Our priority is to keep Rossendale clean and green for all of Rossendale’s residents and visitors, and to take available opportunities to recycle and use energy from renewable sources more efficiently.
 - **Priority 2 - A connected and successful Rossendale that welcomes sustainable growth** - Our priority is to ensure that we are well connected to our residents, key partners and stakeholders. We want to make the most of every pound we spend and we are always looking for new and innovative ways to make the resources we do have, work harder for us.
 - **Priority 3 - A proud, healthy and vibrant Rossendale** - Our priority is to ensure that we are creating and maintaining a healthy and vibrant place for people to live and visit. We celebrate the health, vitality and enterprise of the people who live in, do business in and visit Rossendale.

4 COMMUNITIES AND ECONOMIC DEVELOPMENT DIRECTORATE PERFORMANCE SUMMARY

4.1 A Clean and Green Rossendale

Council officers have continued to work with community groups, and have meetings planned in early next year to look at how we can continue to work together to continue to build on the good work already completed in the Borough. Operations staff have recently met with the newly formed 'Friends of Haslingden Cemetery' group and will support providing equipment, advice and guidance to the group with the aim to strengthen local community ties and build a positive and productive working relationship with the group.

The Council's Operations team has completed the remodelling of the street cleansing routes within the Borough, with new routes to be introduced in next year, that will provide residents and Elected Members with clarity on sweeping frequencies plus also litterbin emptying schedules across the Borough. The sharing of schedules will also assist with a more joined up approach with community groups to cleanliness across a borough.

The Operations team has supported Lancashire County Council on their new initiative to take pots, tubs and trays in the recycling collections, which has been rolled out across the County in Q3. To work alongside this, the recycling and waste collection calendar distributed to all households within the Borough has been revised in a more user friendly format with more pictures.

The initiative to tackle contamination in the recycling bins continues, with 29 households across the borough having one of their recycling bins removed, due to constant contamination and an inability to stop non-recycling items being placed in the recycling bin.

Air quality is a cross cutting issue and has far reaching implications for health, environment and transport as well as tackling climate change. Our draft Clean Air Strategy was approved for consultation in November. The consultation closes on 17 January 2020.

The Council facilitated a multi-agency Merlin Roadshow in the Council Chamber early December to increase knowledge of Operational Merlin arrangement in Lancashire, and enhance relationships between local responders at tactical and operational level to support any chemical incidents within the Borough.

4.2 A connected and successful Rossendale that welcomes sustainable growth

The integrated in-cab technology for the fleet of waste and recycling vehicles is currently being piloted and tested; it is proposed the technology will be live in the vehicles early next year.

Work has commenced on migrating all of the RLT applications to a new environment, the work is planned to start in quarter 4. All of the new interactive gym equipment that was installed is working well and it provides an improved Wi-Fi experience for all RLT customers.

The transition to the new Revenue & Housing Benefits systems went live early December. All data has been successfully migrated to the new applications which are hosted in a new Data

Centre. All of the Revenues and Benefits Team have been issued with their new mobile devices and connectivity has been tested and is working.

Work has commenced on the digital integration between DWP and Rossendale for the Housing Benefits service. In addition, the final phase of the new Revenues and Benefits printing facility is being piloted and tested.

The updated MTFS was presented to at November Cabinet, which included a number of future savings and income opportunities, although it was noted the MTFS continues to be an ongoing challenge.

Our new state of the art bus station at Spinning Point in Rawtenstall opened for operation in November under a management agreement with Transdev. Continuing on the transport infrastructure theme, the Council is working with Lancashire County Council and partners to develop an improvement scheme for the Rawtenstall Gyratory with a view to making an outline submission in January 2020 for the Government's pinch point funding.

The Economic Development Team is working hard to develop a strong business case following the green light for £150K from the Future High Streets Fund for Bacup; including far reaching consultation on the Bacup 2040 Vision and Masterplan.

There was also good news for Haslingden in Quarter 3 with the Stage 1 approval of the National Lottery Heritage Fund bid. Formal consultation will now commence on Haslingden's 2040 Vision and Masterplan.

4.3 A Proud, Healthy and Vibrant Rossendale.

The Council has finished the year off celebrating a number of really good news stories, including the opening of the Rawtenstall bus station, community awards, work to support homeless and raise awareness of suicide prevention. The Council's social media platform has developed and demonstrated in the highlights video of 2019 which has been viewed by thousands of people.

The Council's first Community Awards was held in November at the Riverside in Whitworth to celebrate those 'going the extra mile' to help make our neighbourhoods a better place to live. Over 100 members from the voluntary and community sector attended with 36 individuals/groups shortlisted and 11 winners. Everyone appreciated the recognition of their contribution.

With the festive season on us, our Communities Team supported and organised Christmas light events across the borough; over 1,000 people took part in the lantern parade in Rawtenstall.

Mental health is a growing priority in Rossendale and nationally. Working with Overview & Scrutiny, along with our health and community partners, an action plan was put in place specifically to support suicide prevention.

Quarter 3 marked the completion of the Council's public space CCTV project, with 19 new cameras now operational 24 x 7 across our main town centres.

Our Strategic Housing Team bucked the trend in preventing and relieving homelessness, when

benchmarked against other authorities, by increasing preventions by 39% compared with the north west region (down by 56%) and nationally (down by 54%) under the first year of the Homelessness Reduction Act. Disabled Facilities Grant (DFG) completions increased by 60% on last year (from October 2018 to September 2019) under our new DFG Policy.
