# Important Notice - Disclaimer

---

In relation to the information contained within this report (and any other report relating to the findings of Rossendale's Housing Land Supply), the Council makes the following disclaimer, without prejudice:

- The inclusion of potential housing sites, buildings or areas does not preclude them from being developed for other purposes.
- The boundaries that are attached to sites, buildings and areas are based on the information available at the time. The report does not limit an extension or contraction of these boundaries for the purposes of a planning application.
- The exclusion of sites, buildings or areas from the study (either because they were never identified or are identified as being constrained) does not preclude the possibility of planning permission for residential development being granted on them or for these sites being allocated. It is acknowledged that sites will continue to come forward (particularly small sites) that will be suitable for residential development that have not been specifically identified in this report.
- The capacity identified on the sites either relates to the numbers granted within a planning permission (where applicable) or is an estimate based on an appropriate density for the site in question. In arriving at these densities, Officers have taken into account locational and sustainability factors along with issues around local character and general views on the site. However, the capacities identified do not preclude densities being increased on sites, subject to details. Nor does it mean that the densities envisaged within the assessment would be appropriate and these would need to be assessed through the normal planning process when submitting a planning application.
- The study is only a 'snap-shot' of information held at the time of writing. Therefore, some of the information held on the database will be subject to change over time. For example, sites that are identified as not having planning permission may have secured permission since the information was compiled, whilst planning permissions may have lapsed on other sites. The Council intends to use the report as a 'living document' that will be continuously updated with a comprehensive overall update each year.
- Information in the study has been based on thorough research and is to the best of our knowledge. Should you identify any discrepancies or inaccuracies in the report please email [forwardplanning@rossendalebc.gov.uk](mailto:forwardplanning@rossendalebc.gov.uk) and we can update the information accordingly.

# 1. Introduction

---

- 1.1 The National Planning Policy Framework (December 2023) (NPPF) sets out in paragraph 76 that “local planning authorities are not required to identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years’ worth of housing for decision making purposes if the following criteria are met:
  - a) their adopted plan is less than five years old; and
  - b) that adopted plan identified at least a five year supply of specific, deliverable sites at the time that its examination concluded.”
- 1.2 As the Council complies with the entirety of paragraph 76 of the NPPF it is not required to publish a 5 Year Housing Land Supply (5YHLS) Report nor apply a 20% buffer to the 5YHLS calculation for the period from 1<sup>st</sup> April 2024 to 31<sup>st</sup> March 2029.
- 1.3 However, the Council considers it best practice to continue publishing an annual report which illustrates the dwelling completions within the borough, as well as a predicted housing trajectory for extant permissions, housing allocations and sites with a resolution to grant planning permission and illustrates an updated 5YHLS position.
- 1.4 Additionally, in Appendix F the Council has calculated the 5YHLS position when incorporating a 20% buffer. This is in response to the Government’s consultation on proposed reforms to the NPPF (30<sup>th</sup> July 2024 to 24<sup>th</sup> September 2024), in which the aforementioned 20% buffer is proposed to be reintroduced.
- 1.5 Please note that the report has a base date of 1<sup>st</sup> April 2024 and therefore reflects the position as of this date. It reports on completions that have taken place in the previous financial year (2023/2024) and the remaining capacity on sites that were under construction, had an extant (current) planning permission for housing and other specific deliverable housing sites as of the base date. Inevitably, there is some delay between identifying all the required information for the report and its publication and changes will have occurred on these sites within this time (for example, new sites will have gained permission and construction may have commenced/progressed on existing sites). The report is updated annually and these changes will be reflected in the next report.
- 1.6 The Rossendale Local Plan 2019 to 2036 has a housing requirement of 208 dwellings per year between 2019/20 and 2020/21 and 185 dwellings per year from 2021/22 to 2035/36 or 3,191 over the 17 year period covered by the Plan (2019-2036).

## 2. Monitoring and Review

- 2.1 The Council monitors housing delivery on an annual basis and uses this data to inform and update the five year supply. The 5YHLS report sets out how planning policies have performed and been implemented over the previous financial years, including historic housing completions and future housing trajectories.
- 2.2 The Authority Monitoring Reports (AMR) and 5YHLS reports are both available to view on the Council's website at [www.rossendale.gov.uk/info/210148/local\\_plan/10636/](http://www.rossendale.gov.uk/info/210148/local_plan/10636/).
- 2.3 The AMR will provide further analysis in respect of performance against the new targets set out in the Local Plan and will be available on the Council's website.

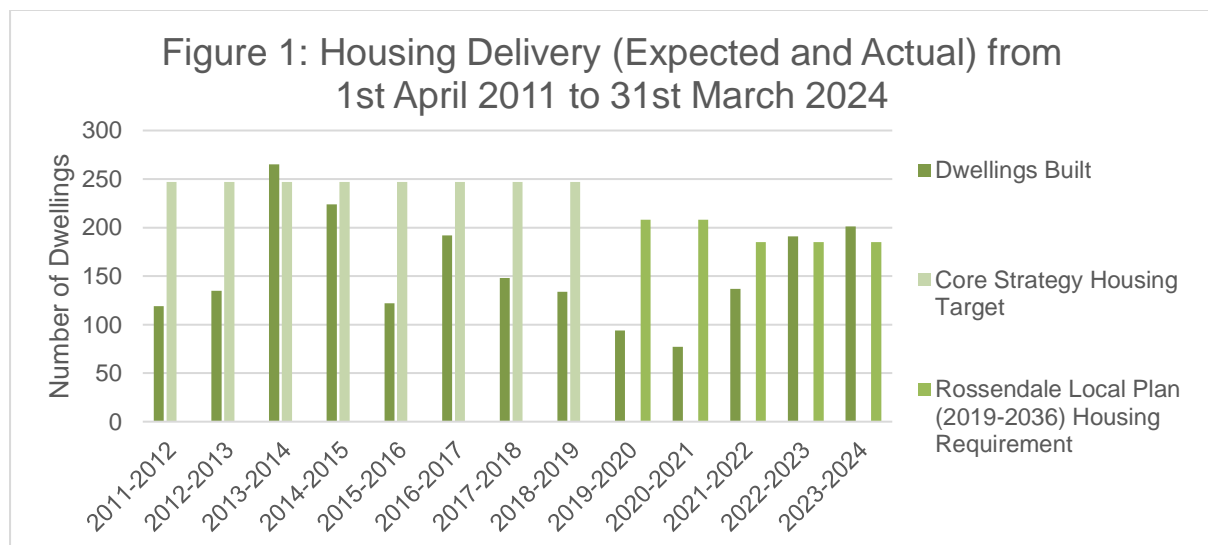

## 3. Calculating the 5 Year Requirement

- 3.1 Analysis of housing completions confirms that 201 new dwellings were built in Rossendale between 1<sup>st</sup> April 2023 and 31<sup>st</sup> March 2024, on sites still under construction and sites now fully completed (see Appendix A for a list of completions).

### Rossendale Local Plan 2019 to 2036 Housing Requirement

- 3.2 As stated in the introduction, the housing requirement is set out in the Rossendale Local Plan 2019 to 2036. This report will present an analysis of the completions data against this requirement. 201 completions is above the Local Plan annual housing requirement of 185 dwellings. Graph 1 below charts housing performance in Rossendale over the previous years with a distinction between the previous Core Strategy housing target and the current Local Plan period.

**Graph 1: Dwellings Built to date (Expected and Actual) – 1 April 2011 to 31 March 2024**

3.3 As shown in Table 1 below, a total of 700 dwellings have been completed in Rossendale between 1<sup>st</sup> April 2019 and 31<sup>st</sup> March 2024.

**Table 1: Housing performance against Local Plan trajectory from 2019/20 to 2023/24**

Year	Completions		Delivery against Rossendale Local Plan Requirement		
	Actual Completions	Cumulative Completions	Local Plan Requirement	Cumulative Local Plan Requirement	Cumulative under (-) and over (+) supply
2019/2020	94	94	208	208	-114
2020/2021	77	171	208	416	-245
2021/2022	137	308	185	601	-293
2022/2023	191	499	185	786	-287
2023/2024	201	700	185	971	-271

**In Summary:**

- **201 dwellings** have been completed in the last year (2023/2024), which surpasses the Local Plan annual requirement of 185 dwellings by 16 dwellings.
- **700 dwellings** have been completed so far over the adopted Local Plan period (2019 to 2036), which represents 271 fewer dwellings than the cumulative Local Plan requirement of 971 dwellings.

3.4 The Council continues to take the view that any assessment of local delivery is likely to be more robust if a longer term view is taken, since this takes account of the peaks and troughs of the housing market cycle. Graph 2 shows the anticipated housing delivery, known as 'Housing Trajectory'. This takes a realistic view of house building over the plan period taking into account the effects of the Covid-19 Pandemic, climatic variances and other factors impacting on the global supply chain, and their implications for the UK house building industry. As such, the expected delivery rates may vary from year to year.

**Graph 2: Rossendale Housing Trajectory (Rossendale Local Plan 2019 to 2036)**

3.5 Previously the NPPF stated that ‘local planning authorities should identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years’ worth of housing against their housing requirement set out in adopted strategic policies or, against their local housing need where the strategic policies are more than five years old. The supply of specific deliverable sites should in addition include a buffer (moved forward from later in the plan period) of:

- a) 5% to ensure choice and competition in the market for land; or
- b) 10% where the local planning authority wishes to demonstrate a five year supply of deliverable sites through an annual position statement or recently adopted plan, to account for any fluctuations in the market during that year; or
- c) 20% where there has been significant under delivery of housing over the previous three years, to improve the prospect of achieving the planned supply.’

3.6 However, in the most recent iteration of the NPPF (December 2023) there is no longer a requirement for the 5 and 10% buffers. Additionally, the requirement for a 20% buffer, which previously applied to Rossendale, is no longer applicable due to the protections afforded by paragraph 76 as mentioned within the introduction to this document.

3.7 In accordance with NPPF, the five year housing land supply is identified against the housing requirement set out in the strategic Policy HS1 of the Rossendale Local Plan (adopted in December 2021). This is set out in **Scenario 1**.

## Scenario 1

- 3.8 Following the adoption of the Local Plan in December 2021, an annual housing requirement of 208 dwellings is set for the first two years of the plan (2019 and 2020) and 185 dwellings for the remaining years (2021 to 2036). The actual completions for 2023/24 surpass the housing target of 185 dwellings by 16 dwellings (971 is the cumulative Local Plan requirement in year 4 of the Plan), resulting in a cumulative backlog of 271 dwellings.

**Table 2 – Scenario 1 Rossendale Local Plan (2019-2036) annual target of 185 from 2023/24 to 2027/28**

Serial	Component	Calculation	Amount
A	5 Year Requirement (Sum of Annual Targets above)	$185 \times 5$	925
B	Backlog from under provision (2019-2023) $((208 \times 2) + (185 \times 2))$	$971 - 700$	271
C	Total 5 Year Housing Requirement (A+B)	$925 + 271$	1196

- 3.9 Figures from the above scenario are used to identify the total Housing Land Supply (in years) that the Local Planning Authority can currently demonstrate, which is detailed in the next section of the report.

# 4. The 5 Year Housing Land Supply

---

- 4.1 Evidence contained in this report (as shown in Appendices B to D) provides a break-down of the Council's supply of deliverable sites between 1<sup>st</sup> April 2024 and 31<sup>st</sup> March 2029 this information is provided as of 1<sup>st</sup> April 2024.
- 4.2 The supply consists of deliverable sites in the following categories:
- The remaining capacity (i.e. number of dwellings) for residential development that is currently under construction;
  - The number of dwellings to be provided within extant (current) unimplemented (i.e. not yet started) residential planning permissions;
  - The number of dwellings to be provided on sites where there is resolution to grant planning permission (but no consent as yet issued);
  - The number of dwellings on allocated sites estimated to be delivered in the next 5 years (2024-2029)
  - A small sites allowance. (NB no windfall allowance has been included – see paragraph 4.4)
  - Sites on the Brownfield Land Register have been included where there is an extant planning permission.
- 4.3 Deliverability has been assessed using the definition of 'Deliverable' at Annexe 2 of the NPPF and guidance set out in Paragraph: 007 Reference ID: 68-007-20190722 (Revision date 24 June 2021) of the PPG  
<https://www.gov.uk/guidance/housing-supply-and-delivery#year-housing-land-supply>)
- 4.4 Housing land supply calculations typically include some form of allowance for sites that are not specifically identified but where it can be assumed they will come forward for development. Whilst paragraph 72 of NPPF states that windfall sites (sites that come forward unexpectedly for housing) can be included as part of anticipated supply, the Council has decided not to include a specific windfall allowance for the following reasons; the Council acknowledges that there has been a relatively high number of completions from windfall sites over the prior few years before the adoption of the Local Plan and earlier draft Local Plan which was withdrawn in 2016. This subsequently meant that most sites granted permission for residential development before the adoption of the Local Plan would have been classed as windfall sites, resulting in an inflated figure.
- 4.5 However, a small sites (less than 5 dwellings) allowance of 19 dwellings per annum is included, based on historic data, and was agreed as part of the Local Plan examination. For more information regarding the small sites allowance please refer to the Housing Update to 31 March 2021 which is included in Examination Library 12 of the Local Plan Examination Library ([EL12.007](#)).
- 4.6 Table 4 demonstrates that Rossendale's supply of committed sites (i.e. where planning permission has been granted and is extant (at 31/03/2024), where planning permission is subject to a Section 106 agreement, and the number of dwellings on allocated sites expected to be delivered over the next 5 years) can deliver 1456 dwellings over the next five years. Once the small sites allowance of 38 dwellings is added, the housing land supply increases to **1494 dwellings**. Please see Appendix B to D for further information on the sites contributing to the supply.

**Table 4: Breakdown of 5 Year Housing Land Supply 2023/24 to 2027/28**

Category	Overall total	Total expected to be delivered 2023/24 to 2027/28	% of 5 year supply
Remaining Capacity - Dwellings with planning permission (see Appendix B)	646	597	40%
Dwellings where there is a resolution to grant planning permission (see Appendix D)	178	178	11.9%
Dwellings on allocated sites (excluding dwellings with planning permissions or subject to a s.106 agreement)	1560	681	45.6%
Small sites allowance	171	38	2.5%
<b>Total Number of Dwellings</b>	<b>2,555</b>	<b>1,494</b>	<b>100%</b>

4.7 This housing supply of 1494 dwellings is used to calculate the 5 Year Housing Land Supply in Table 5 below.

**Table 5: Housing Land Supply – Scenario 1: Rossendale Local Plan (2019-2036) annual target of 185**

Serial	Component	Calculation	Amount
<b>A</b>	5 Year Requirement	185*5	925
<b>B</b>	Backlog from under provision	971-700	271
<b>C</b>	5 Year Requirement	A+B	1196
<b>D</b>	Annual Requirement	C/5	240
<b>E</b>	Total number of dwellings identified through commitments, deliverable allocations, small sites allowance and resolution to grant for 2023/24 to 2027/28		1494
<b>F</b>	Land Supply	(E/C)*5	6.2

4.8 Table 5 shows that Rossendale Borough Council can demonstrate a **6.2 year supply** against the housing requirement of the of the Local Plan at 185 dwellings per annum inclusive of the backlog (Scenario 1).

4.9 The 2023/2024 Housing Land Supply Report includes housing allocations identified in the Rossendale Local Plan 2019 to 2036, where the site is considered ‘deliverable’ (development is likely to happen within 5 years). Where proposed housing allocations have an extant planning permission for the whole site dwellings are included in Appendix B and not reported in Appendix C to avoid double-counting. Where part of the site has planning permission, the dwellings are split between the Planning Permissions Table and the Site Allocations Table. A separate ‘Completions’ Table is also available in the Appendix A and provides details of all dwellings completed between 01/04/2023 and 31/03/2024.

4.10 For information the NPPF definition (Annexe 2) of ‘deliverable’ is: ‘To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within 5 years’.

# 5. Summary

---

## Requirement

<b>Rossendale Local Plan (2019 to 2036) Housing Requirement</b>	
5 Year Housing Requirement (including shortfall)	1,196

## Capacity within the Identified Five Year Housing Land Supply (2023/24 to 2027/28)

Remaining no. of dwellings on sites with planning permission	597
No. of dwellings on Allocated sites	681
No. of dwellings with resolution to grant permission	178
Small sites allowance	38
<b>Deliverable capacity</b>	<b>1494</b>

## Supply in Years

<b>Years supply (Scenario 1 – Rossendale Local Plan 2019 to 2036)</b>	<b>6.2</b>
---	------------

# Appendix A: List of Housing Completions

The list of housing completions monitored between 1<sup>st</sup> April 2023 and 31<sup>st</sup> March 2024 is shown below.

**Table 6: List of housing completions (2023/2024)**

The site allocation reference number in the Rossendale Local Plan 2019 to 2036 (starting with an 'H') has been added for information.

Application Number	Site Name	Net Dwellings Approved	Dwellings Built (Completed) 2023/2024	(Total) Net dwellings Completed	Dwellings Remaining on Site (No Start / Under Construction)	Site Completed (23/24)	Greenfield or Brownfield
2008/0494	12 Rochdale Rd, Bacup	3	3	3	0	Yes	BF
2008/0720	3-5 Deer Street Weir Lancashire	4	1	1	3	No	BF

# Appendix B: Residential Development on Sites with Extant Planning Permission

---

The monitoring of housing delivery requires the Council to record and update the progress of delivery of development on allocations and sites with planning permission. Dwellings remaining on sites with planning permission (no start and under construction) at 01/04/2024 are included in the housing supply, unless the Council has evidence that the site is unlikely to come forward in the first five years in accordance with the NPPF criteria of 'deliverable'. The phasing of delivery is also indicated.

All sites with full planning permission are included in the five year housing land supply, unless there is evidence to suggest they will not come forward within this period. Additionally, sites with outline planning permission are included if the development proposes fewer than ten dwellings. Outline planning permission for more than 10 dwellings, allocated housing sites within the Local Plan without planning permission and Permissions in Principle (PiP) are included within the supply where there is robust evidence to demonstrate that the sites will be delivered in the next five years.

Updated information on 'no start' and 'under construction' residential planning permissions has been confirmed through site visits and contact with agents / developers / landowners, and through updates from Council Officers in Forward Planning, Development Control and Building Control. Information is as accurate as possible and provides a snapshot of the latest situation as of 01/04/2024. Expected delivery rates, where possible, have been established through discussions with developers. The table below (Table 7) identifies planning permissions across the Borough that have not yet been completed and did not expire before the 1st April 2024. Please contact the Forward Planning team at [forwardplanning@rossendalebc.gov.uk](mailto:forwardplanning@rossendalebc.gov.uk) if you consider any of this information to be incorrect.

Appendix B identifies housing sites across the Borough with planning permission, with and without a start. As noted previously, please be aware that where it has been recorded that a start has been made, this should not be used for any other purpose. Should a formal confirmation be required a Lawful Development Certificate should be applied for. It is possible to find more information on Lawful Development Certificates, as well as how to apply, by visiting the Rossendale Borough Council website or clicking [here](#).

**Table 7: Residential Development with Planning Permission**

The following table shows sites with planning permission in Rossendale can deliver 597 dwellings between 2024/25 to 2028/29.

Planning Application Ref	Site Name	Estimated Delivery	Total (net) Completions	Completions 2023/2024	Site Complete?	Total (net) dwellings granted planning permission	No of dwellings with permission remaining	24/25	25/26	26/27	27/28	28/29	29/30	30/31	31/32	32/33	33/34	34/35	35/36	Outside of Plan period	Application type (Outline, Full, Reserved Matters, Permission in Principle, Technical Details Consent, Prior Approval)
2008/0494	12 Rochdale Rd, Bacup	Years 1-5	3	3	Yes	3	0	-	-	-	-	-	-	-	-	-	-	-	-	-	Full
2008/0720	3-5 Deer Street Weir Lancashire	Years 1-5	1	1	No	4	3	1	1	1	0	0	0	0	0	0	0	0	0	0	Full

# Appendix C: Allocated Housing Sites in the Rossendale Local Plan 2019 to 2036

**Table 8: Allocated Sites in the Rossendale Local Plan 2019 to 2036**

The following tables shows sites allocated in the Rossendale Local Plan 2019 to 2036 can deliver 681 dwellings between 2024/25 to 2028/29. 879 further dwellings allocated in the Local Plan are expected to be delivered beyond this period.

# Appendix D: Sites where there is Resolution to Grant Planning Permission

In the following case the Council has resolved to grant permission subject to the signing of a legal agreement. It can be assumed that the site will become deliverable as soon as the obligation is signed and the permission is issued.

Information contained in this section is confirmed from Council Officers in Forward Planning. Information is as accurate as possible and provides a snapshot of the latest situation as of 1<sup>st</sup> April 2024.

**Table 9: Sites where there is Resolution to Grant Planning Permission**

Planning Application Ref.	Site Name	Greenfield or Brownfield	Net Number of Dwellings Approved	Predicted Dwelling Delivery				
				2024-2025	2025-2026	2026-2027	2027-2028	2028-2029
2019/0335 (H68)	Grane Village, Helmshore	GF	131	0	19	38	38	36
2022/0015 (H66)	Land Adj. 59 Blackburn Rd, Edenfield	GF	6	0	0	6	0	0
2021/0289 (H36)	Land North Of Chapel Villas, Todmorden Rd, Bacup	GF	41	0	0	10	20	11
<b>Total no. of dwellings left to build on sites where there is a resolution to grant</b>			<b>178</b>					
<b>No. of dwellings left to build identified as deliverable 2023/24 to 2027/28</b>			<b>178</b>					

Table 9 shows that there are 178 dwellings in the pipeline with resolution to grant permission, subject to signing of the corresponding Section 106 Agreements. Evidence available to the Council has identified the sites are 'deliverable'. There is a realistic prospect that all housing will be delivered within 5 years, with the 178 dwellings being considered deliverable between 2024 and 2029.

# Appendix E: Sites where Planning Permission Expired in 2023/2024

The following Planning Permissions passed the date of expiry as stated on the Planning Decision with no start being made and as such these Permissions have been removed from the housing supply. These Permissions can no longer be implemented without a re-submission, or evidence to prove a start had been made before the expiry date. Please contact the Forward Planning team at [forwardplanning@rossendalebc.gov.uk](mailto:forwardplanning@rossendalebc.gov.uk) if you consider any of this information to be incorrect.

Information contained in this section is confirmed from Council Officers in Forward Planning. Information is as accurate as possible and provides a snapshot of the latest situation as of 1<sup>st</sup> April 2024.

**Table 10: Sites where Planning Permission expired without a start in 2023/2024**

Planning Application Ref.	Site Name	Expiry Date	Net dwelling approved
2019/0101	Village Pine, Glen Top Works, Newchurch Road, Stacksteads	13-Feb-23	14
2022/0547	Hey Head Farm, Rochdale Road, Bacup	05-Apr-23	4

2020/0504	Land Adj 22 Greave Clough Drive, Bacup	24-Feb-24	1
2021/0148	51 Deardengate, Haslingden <sup>1</sup>	07-Jun-24	1
<b>Number of dwellings removed from supply</b>			<b>171</b>

Table 10 shows that there are 171 dwellings which have been removed from the housing supply as there has been no recorded start on site before the expiry date of the relevant permission or they have been superseded by another application and are therefore no longer implementable.

<sup>1</sup> alternative permission (2023/0029) implemented

## Appendix F: 5YHLS with 20% Buffer

---

The following section has been included in response to the Government's consultation on proposed reforms to the NPPF (30<sup>th</sup> July 2024 to 24<sup>th</sup> September 2024), in which the aforementioned 20% buffer (as dictated by the Housing Delivery Test) is proposed to be reintroduced.

### Housing Land Supply – Rossendale Local Plan (2019-2036) annual target of 185

Serial	Component	Calculation	Amount
A	5 Year Requirement	$185 \times 5$	925
B	Backlog from under provision	971-700	271
C	20% Buffer	$(A+B) \times 0.2$	240
D	5 Year Requirement	A+B+C	1436
E	Annual Requirement	D/5	288
F	Total number of dwellings identified through commitments, deliverable allocations, small sites allowance and resolution to grant for 2023/24 to 2027/28		1494
H	Land Supply	$(F/D) \times 5$	5.2

The above table shows that Rossendale Borough Council can demonstrate a **5.2 year supply** against the housing requirement of the of the Local Plan at 185 dwellings per annum inclusive of the backlog and 20% buffer.
